Recommendation:

That the Building Department-2021-18 report, dated December 21, 2021, regarding Updated Building By-law be received and that Council adopt the updated Building By-law to provide for more effective and efficient administration and enforcement of the Building Code Act.

Overview:

In accordance with the Building Code Act, the municipality is responsible to pass a By-law to outline how the municipality and the Chief Building Official will organize the Building Department to provide for administration and enforcement.

Our existing By-law has served its purpose for the past number of years, but is not truly reflective of current best policies and practices. We have reviewed other municipalities By-laws and information from the OBOA/AMO/AMCTO to ensure that our new By-law is consistent with best practices.

This By-law is not significantly different than our existing By-law, but does better equip staff to provide effective and efficient services.

Conclusion:

We have prepared a new By-law for administrative and enforcement of the Building Code Act, to update best practices.

Financial Impact:

None.

Strategic Plan Applicability:

To ensure and enable an effective and efficient municipal administration.

Sustainability Plan Applicability:

N/A

1. That Council approve a total levy in the amount of \$5,986,426 which results in a tax rate increase of 3.61%.
2. That Staff be requested to prepare the Tax Rate By-law for approval once the final tax roll is available.

Overview:

The Township of Douro-Dummer released a Draft 2022 Budget on November 11th. Following that, there were two Council meetings held where staff presented the Operating and Capital budgets separately on November 16th and 18th. Following those meetings there was a Public Meeting held on December 9th. At this meeting the comments received were regarding the request for additional staffing at the Library; no additional comments were received. Immediately following the Public Meeting Council deliberated the budget and had the opportunity to make any changes. At the completion of the meeting staff were given direction to prepare the final budget document.

The 2022 Budget is summarized in the following table:

| Percent Change to the Tax Rate | | | | 3.61% |

Residential Impact Per \$100,000 of Assessment

| | 2021 | 2022 | \$ Change | % Change |
|-----------------|-------------|-------------|------------------|-----------------|
| Township | \$372.08 | \$385.52 | \$13.44 | 3.6% |

Conclusion:

The 2022 Budget process is complete and once the 2022 tax roll is available staff will prepare the 2022 Tax Rates and corresponding By-law.

Financial Impact:

The 2022 Budget requires a total levy of \$5,986,426 which results in a 3.81% increase in the levy from 2021 and a 3.61% increase to the tax rate. This results in annual increase of \$13.44 to the residential tax bill per \$100,000 of assessment, or \$1.12 per month.

Strategic Plan Applicability:

To ensure and enable an effective and efficient municipal administration.

Sustainability Plan Applicability: N/A

Budget Overview

2022 Budget Summary

2021 continued to have COVID restrictions which prevented normal Township operations and forced all staff and Council to constantly be reacting to new regulations. This had the biggest impact on Parks and Recreation facilities which were caused to either close down completely or operate on a reduced schedule which drastically reduced rental revenues. With the rollout of the vaccine, Canada is on the rebound and this budget has been formed on the assumption that we will be back to “normal” in 2022.

On a global level, Covid has had significant impacts on the supply chain. Manufacturing closures and shipping delays have wreaked havoc on supplies and has caused almost all goods and services to increase in cost. This is reflected in the September to September CPI of 4.4%. Inflation of this magnitude has not been seen since the 1980's. However, from the Township's perspective, we purchase a much different basket of goods than what CPI is based on and can expect even larger increases. For example, the Township spends approx. \$3 million annually on capital projects and the same year over year increase for the Non-Residential Construction Price Index was 11.1%. When putting together a municipal budget, without finding efficiencies, any increase below inflation would mean a reduction in service to the residents; this budget is has been presented at inflation while improving levels of service.

The needs of each department in the Township do not increase in a linear fashion, nor do the needs between Capital and Operating and therefore some departments have larger increases than others depending on the year. Last year's Operating Budget had a zero percent increase while Capital increased 5.4%. The 2022 Budget required a greater emphasis on Operating than Capital. Within the Operating increase staff have been able to include 4 new positions; a Planner, an additional Public Works Labourer due to no longer contracting out snowplowing, an additional Labourer for Parks and Recreation which will stabilize the staff and have less turnover and provide the Building Department with an Administrative Assistant (which will be funded through Building Permit revenues).

Also included in this budget is a special levy or the new Joint Public Works and Fire Hall Building. Both buildings have safety concerns and are over 50 years old. This budget gives Council the opportunity to set in motion the construction of a legacy building that will serve the needs of the residents for another 50 years.

Budget Process

Meeting Schedule:

- November 16th @ 3pm - First Draft – Operating Presentation to Council
- November 18th @ 3pm - First Draft – Capital Presentation to Council
- December 9th at 6pm – Public Meeting and Budget Deliberation Meeting
- December 21st – Final Draftt and Budget Adoption

Impact to the Levy

This slide shows that the projected Operating Budget impacts the levy by 10.23%. The Capital levy is decreased by 7.59% but 1.18% is added for the Joint Public Works and Fire Hall Building. Assessment has increased approx. 0.20% thus far in 2021 which means the change to the tax rate is 3.61%. This increase in the levy results in extra \$13.44 annually per \$100,000 of Assessment which results in \$1.12 per month.

Summary of Change to the 2022 Levy

| | 2020 | 2021 | 2022 | \$ Change | Levy Change |
|---------------------------------------|-------------|-------------|-------------|------------|--------------|
| Operating Levy | \$4,052,669 | \$4,037,353 | \$4,627,013 | \$589,660 | 10.23% |
| Capital | \$1,433,829 | \$1,729,206 | \$1,291,540 | -\$437,666 | -7.59% |
| Capital Levy | | | \$67,872 | \$67,872 | 1.18% |
| Levy Requirement | \$5,486,498 | \$5,766,559 | \$5,986,425 | \$219,866 | 3.81% |
| Less: Assessment Growth in 2021 | | | | | -0.20% |
| Percent Change to the Tax Rate | | | | | 3.61% |

Residential Impact Per \$100,000 of Assessment

| | 2020 | 2021 | 2022 | \$ Change | % Change |
|-----------------|----------|----------|----------|-----------|----------|
| Township | \$358.27 | \$372.08 | \$385.52 | \$13.44 | 3.6% |

Key Operating Changes

| Reversal of reductions that were put in place to reduce 2021 Budget increase: | | |
|--|--|-----------|
| Removal of transfer from Working Fund | When completing the 2021 Budget it was known that there was going to be significant wage gapping due to various vacancies throughout the organization. Instead of collecting these funds from the tax base the levy was lowered by the amount expected for gapping. This transfer has been removed for 2022 as we expect to be at full capacity. | \$146,987 |
| Removing Covid Impacts and Grant | The Township received grants from the Province to assist with Covid related Operating expenses/revenue loss or any Capital expenditures required to make necessary changes due to Covid. These grant funds were allocated to offset Parks and Rec revenue losses and expected cleaning and maintenance supplies. | \$183,008 |
| Additional Revenues | | |
| Additional Arena Revenues - Douro | Due to a projected increase in demand resulting from a closure of an arena in Peterborough we are expecting an increase in rental revenues. | -\$13,759 |
| Additional Arena Revenues - Warsaw | Due to a projected increase in demand resulting from a closure of an arena in Peterborough we are expecting an increase in rental revenues. | -\$17,600 |
| Additional Planning Revenues | Planning revenues have been increased to reflect the volume of applications the Township has been receiving. Also, some Planning fees have been adjusted to be closer to reflect the cost of providing the service and also to be in line with surround municipalities. | -\$1,400 |
| Public Works Budget Adjustments | | |
| 2021 Budget Correction | This was a budgeting error in 2021 that double counted Public Works salaries and wages, the correction lowers the budget requirement. | -\$83,154 |
| Lower Transfer of Salaries and Wages to Capital | Public Works completes some Roads capital projects internally and therefore we allocate funds to the capital budget. The nature of the road projects budgeted in 2022 compared to 2021 results in a reduction of this allocation. | \$40,644 |
| Less Internal Rental Recoveries | Similar to the allocation of staff time there is an allocation of machine hours to capture the cost of the machines to capital. The machine allocations are greater in 2022 than 2021 and therefore the allocation increases the Capital Budget but decreases the Operating. It should be noted that this project is going to reviewed in 2022 as it can create these fluctuations between Operating and Capital. | \$156,721 |

Key Operating Changes

| Staffing Changes | | |
|---|--|------------------|
| Planner | This is a new position that is required because the complexity of Planning Act applications continues to increase due to availability of land and a changing regulatory landscape. Currently, staff in the Clerks and Building Department, who are not professionally trained planners have had to complete this work and this position will ensure the Township has the right expertise to address these matters. | \$91,351 |
| 1/2 of Office Admin | The volume in the Building Department has drastically increased in 2021. Currently, the department shares an admin staff with Corporate Services but with the additional volume requires a dedicated admin. Corporate Services requires the admin role for customer service and office administration. This increase reflects the 0.5 FTE increase in Corporate Services as the Building Admin will be funded through Building Permit revenues. | \$38,296 |
| Library Staffing | The Public Library Board is requesting to increase the weekly hours of the Library Assistant from 16 to 20 hours and add a Library Clerk. This request is to allow for the Head Librarian to focus on more strategic items rather than clerk tasks such as checking books in and out. | \$19,298 |
| Parks and Rec Staffing | Both the Warsaw and Douro Community Centres are expected to see an increase in facility rentals, even compared to 2019 which was the last full year of operations without a lockdown. This increases revenues, as shown below, but does increase the need for staffing. In order to provide for more consistent staffing and reduce turnover it is recommended to hire one additional full-time Labourer who will work at both community centres and in Parks in the summer. The additional staffing in 2022 relates to the requirement to have an additional staff member to operate the community centers in January to March to meet the demands of current Covid regulations. | \$86,076 |
| Sub-total of major changes outlined above: | | \$646,468 |
| Other operating adjustments | This number is a negative because there were some expense reductions to reflect recent actuals and also other various revenues were increased. | -\$56,807 |
| Total Operating Impact | | \$589,660 |

Capital Funding Summary

This table shows how the capital program is being funded in 2022 compared to 2021.

The amount of reserves being allocated from the Capital Project/Purchases has been purposely kept under the amount transferred to the reserve from the 2019 surplus of \$390k. This results in a net increase from this surplus and will allow the Township through the Asset Management Plan to determine where current reserves should be allocated.

Joint Public Works and Fire Hall Building

- Recommendation:
 - Council approve the Joint Public Works and Fire Hall Building through the 2022 Budget and permit staff to begin the process of finalizing the design and procuring the construction of the facility with the intention of starting construction in 2022/2023.
- Background:
 - A new building that will be a joint Public Works Yard and Fire Hall has been discussed for a few years now and it is being proposed to move forward with construction in 2022/2023.
- Next Steps:
 - Currently the costs are being updated to reflect current material and labour pricing. This process is expected to be completed in December 2021.
 - Finance is working with Infrastructure Ontario to review the Township's ability to finance the project.
 - Once Council approves the project the final redesign will begin where any changes will be made to reflect Council's comments and updated wants/needs. This is anticipated to be completed in the first quarter of 2022.
 - After the design is complete the procurement process would begin and typically takes 4-6 months.
 - After a successful proponent is selected to construct the facility, the Construction process would begin. If the process goes as per the timelines above there would be potential to begin construction in the summer/fall of 2022. If the process goes slower than anticipated then construction could begin as soon as weather permits in 2023.

Financing the Joint PW and Fire Hall Building

- The following is a preliminary financing strategy:
 - Term of debt: 20 years – this is standard for this type of facility. There has been reluctance in the past from Council to commit the Township to debt but without significant grant support from upper levels of government there is no way to complete this project without debt financing. There is a “Generational Equity” principal in municipal finance that does recommend municipalities to ensure the residents who are benefiting from the expense are the ones paying for it and using debt ensures this principal is being met.
 - Rate: 2.67% - although construction materials have increased in price this is a low interest rate compared to previous years which will help with affordability.
 - Loan start date: July 1, 2022 – the first annual debt payment would be made one year from the date the debenture funds are received and therefore in this scenario the Township’s first payment would be June 30, 2023
 - Amount: \$7.5 million – as has been mentioned this is an estimate to demonstrate the financing strategy and has attempted to capture some potential price increases since the last estimate was received a few years ago.
 - Reserves – in reviewing the current reserve levels it is being proposed that \$1 million can be allocated towards this project. This approach strikes a balance between using existing reserves for this project and the number other capital needs in the Township. This strategy finances the entire amount and uses reserves to ease in the impact to the levy.
 - Special Levy – Using this approach Council will be committing to a 1.18% special capital levy for the next seven years from 2022-2028. The funds collected in 2022 can be used to fund any further pre-construction costs.
 - Grant Funds – At this point in time no grants have been secured for this project but staff are going to continue to apply for any available grants which would directly lower the amount of the debenture.

| Year | Reserves | Levy | Debt Payment | % Increase |
|------------------------------|------------|------------|--------------|------------|
| 2022 | \$ - | \$ 67,872 | \$ - | 1.18% |
| 2023 | \$ 339,255 | \$ 135,745 | \$ 475,000 | 1.18% |
| 2024 | \$ 271,383 | \$ 203,617 | \$ 475,000 | 1.18% |
| 2025 | \$ 203,510 | \$ 271,490 | \$ 475,000 | 1.18% |
| 2026 | \$ 135,638 | \$ 339,362 | \$ 475,000 | 1.18% |
| 2027 | \$ 67,766 | \$ 407,234 | \$ 475,000 | 1.18% |
| 2028 | \$ - | \$ 475,000 | \$ 475,000 | 1.18% |
| Total Reserves: \$ 1,017,552 | | | | |

Organizational Chart

Corporate Services

- 2021 Accomplishments
 - New job descriptions have been created and the results of the Compensation Review should be received shortly
 - A new Organizational Structure has been created, revamping administrative roles with specific responsibilities to individual managers.
 - Administrative and Management roles have adjusted to new expectations.
 - The process in which information is provided to Council has been enhanced and continues to be reviewed for efficiencies.
 - Various contracts established are being reviewed and revised where required.
 - Launch of new Township website took place in summer 2021, the project came in under budget, has received positive comments from the public and has fostered a culture of continuous improvements.
- 2022 Budget Commentary
 - Due to staffing changes and some individuals relatively new in the role, the budget requirements and overall understanding of the process has been new to most.
 - Adjustments for service level changes due to the COVID-19 pandemic have been reflected in the budget but trying to forecast future impacts in an ever changing environment has been difficult.
 - The budget timeframe is significantly earlier than in previous years; this will allow for managers to understand their budget from the beginning of the fiscal year and begin procurement of capital projects earlier but has made some inputs more difficult to estimate.
 - This budget funds existing expenses, necessary new expenses and required adjustments to the 2021 Budget that were made in order to keep the increase low given the unknown climate surrounding Covid. For example, in 2021, a transfer from reserves was used to account for salary and wage gapping in positions that were going to be vacant for part of the year but in 2022 we have budgeted for all positions to be filled.
 - The election will require significant staff time to prepare and run in 2022.
 - Technology, processes and policies will continue to be reviewed and updated to create efficiencies.
- Future Budget Considerations
 - Using the Service Delivery Review and subsequent recommendations as a guide, there are plenty of efficiencies to be explored and may continue to have up front costs to achieve the longer term efficiencies.

Public Works

- 2021 Accomplishments

- Improvements to public works fleet replacing the following equipment: 2007 Snowplow Truck, 2009 Pickup Truck, 2007 Grader
- Approx. 5km of double surface treatment applied and approx. 11km of single surface treatment applied to roads
- Approx. 22km of gravel resurfacing applied to roads
- Approx. 34 km of road side brushing accomplished
- Approx. 18km of ditch clearing completed
- Sidewalk improvements in the village of Douro
- Major projects completed include Rock Road, Douglas Road, and Daleview Road
- Removal of outside snow plow route contract, now performed by Township staff providing cost savings and improving efficiencies

- 2022 Budget Commentary

- Capital
 - Proposed work is priority based by previous council decisions, previous road needs study as well as the 10 year gravel and hard topping projections improving road network
 - The 2021 Road Needs Study is nearing completion and will influence the direction of future capital programs
 - Continue scheduled replacement and additions to fleet including loader, brushing unit, 1 Ton 4x4 truck, and roadside 3 point hitch mower
 - New Provincial soil regulations pertaining to placement and removal of fill. This may have implications for Township projects and maintenance activities.
- Operating
 - New additional Operator, decreasing contract costs for snowplowing as per staff report 2021-17, bringing all snowplow routes in house
 - Performing snowplowing at transfer station, two municipal parking lots and Warsaw school sidewalk providing cost savings as per staff report 2021-27

- Future Budget Considerations

- 2023 projected scheduled replacement of capital equipment – 3 point hitch road sweeper, grader, rubber tired excavator with brushing head attachment, backhoe, snowplow truck. Continued improvements to the Township's fleet will improve efficiencies
- 2023 and future capital road programs - improvements to surface treatment to include large projects including council approved grandfathered roads as well as improvements to failed roads requiring reconstruction
- New Provincial soil regulations pertaining to placement and removal of fill. This may have implications for Township projects and maintenance activities in the future
- New Public Works & Fire Station facility is a significant project, however will provide a central hub, current buildings have H&S concerns, the challenges of space, both in height and length. This space challenge, among other logistical challenges, including some H&S items will need to be rectified in the near future.
- Asset Management Plan to be completed in 2022 will provide additional detail in future asset replacement needs.

Fire and Emergency Services

- 2021 Accomplishments

- In 2021, the fire department vehicle replacement plan achieved the following:
 - Delivery of a mini-pumper to station 5 to address better access for cottage roads and driveways as well as a 4wd model to provide better all-around access
 - Design of a new type of pumper for us, being a 4-door rescue type of pumper to address the response capabilities of overlap multiple calls and stand-by assignments to cover off response while other stations are dealing with a larger incident. The pumper has been ordered and station 2 will be the first to utilize this type of vehicle, when it arrives in 2022.
 - A replacement tanker arrives in December of 2021 which will find its home at station 1
 - Rescue 4 was on the schedule for replacement, but is in decent condition and the desired new one that would support all other stations will not fit in the current location, therefore we are putting it off, in hopes for a new station in the near future
- For equipment enhancement, we achieved:
 - The replacement of our third of four sets of e-hydraulic extrication tools, with one more scheduled for 2022. These tools have less maintenance with no hoses and pumps, are faster to deploy and strong enough to meet the challenges of new vehicle technologies with their stronger structures.
 - Second year of three to replace our firefighting helmets, to be safer and much better ergonomically and pairs well with our new SCBA
 - Arrival of our new SCBA, that replaced our aging low-pressure system. Many upgrade safety features are included and will serve the firefighters well to deliver the level of service set

Fire and Emergency Services

- 2022 Budget Commentary

- For 2022 we look to finish off some multi-year projects and continue to replace the required equipment to maintain good service.
 - Station 4 is being brought back to the table for direction, as the station is in dire need of attention
 - Station 2 will have the funds spent for the grant requirements, but work will continue into 2022.
 - Finish the extrication tool replacement plan
 - Finish the vehicle stabilization program, so every pumper has a partial set of stabilization equipment to begin the process and the second pumper arriving can support the scene with their set. This approach still allows for good response, without duplication or overspending on 4 complete sets.
 - Finish the firefighter helmet upgrades
 - Receive new station 2 pumper
 - Replace an expired set of rescue air bags, and add one set to another station, so this type of rescue equipment would be at every accident due to two stations being tiered for accidents.
 - One ground monitor to be introduced to assist in large water streams when required and to provide an option for hands free operation for hazardous areas or lack of personnel.

- Future Budget Considerations

- As mentioned station 2 is being updated now, and station 5 had its grand opening at the end of 2020, so that leaves us with two stations left that are from an era that does not work for today's vehicle sizes and required safety standards. Station 4, along with public works is a significant project, but for the fire department, will provide a central support to the other stations to prevent duplication on many fronts. We have outgrown station 4 and it has numerous concerns that studies have shown that investing in the old building doesn't make sense. The final fire station from the original era, is station 1. This station too, has the challenges of space, both in height and length. For the new tanker arriving at the end of 2021, we had to move it to where the pumper normally goes and swap a shorter pumper from station 2 to station 1 to meet these challenges, while still providing the desired water quantities and consistency in the fleet moving forward. This space challenge, among other logistical challenges, including some H&S items will need to be rectified in the near future too.
- Our people are our most important asset and finding new members to join our team isn't always easy as the demands to be properly trained are high. With a revised master fire plan pending, we anticipate it will look at our growth in not only new homes, but for the seasonal becoming more permanent in this new age of working remotely. The pressures on our service will continue to increase and the movement to more fire prevention/inspections needs to be at the forefront as it is much cheaper to prevent a fire than to extinguish one.

Parks and Recreation

- 2021 Accomplishments
 - Clintonia Park Completion
 - South Park Entrance area stumped, graded, top soiled, seeded and trees planted.
 - Tile Drainage of South Park Ball Diamond.
- 2022 Budget Commentary
 - This budget has projected revenues to return to 2019 levels, the last full year of rental revenue to compare to. However, there is still a risk of future lockdowns due to Covid 19. Returning to these levels will require additional staffing, especially until the end of March where due to the current Covid regulations, the arenas require two employees to be working to ensure the users can use the ice.
 - Finding seasonal staff has become increasingly difficult and therefore it is being proposed to hire an additional full-time Labourer who will work at Douro CC, Warsaw CC and Parks as needed throughout the year. These costs are partially offset with the anticipated additional facility rentals.
 - A key project for the department will be the Douro South Park rehabilitation project which will include a building that will house washrooms, storage, a canteen and covered shelter. Tennis courts and an accessibility ramp is also being proposed. The Township has applied to the Federal Government for this project and is dependent on grant approval.
- Future Budget Considerations
 - There are some significant capital items coming up in future years at both Community Centres, these projects will be laid out in the Asset Management Plan which will be completed in 2022.

| | Anticipated Cost | Estimated Timing |
|--|------------------|------------------|
| <i>Douro CC</i> | | |
| New ice pad floor. | \$1,100,000 | TBD |
| 2007 Ammonia chiller replacement as per TSSA and Insurance requirements every 20 years. | \$160,000 | 2027 |
| New Electrical Panel. | \$60,000 | 2-5 years |
| | | |
| <i>Warsaw CC</i> | | |
| New 30hp compressor. Existing is original. Should be replaced now but may get an extra season or two out of it. | \$65,000 | 0-2 years |
| Electrical Panel - Cimco recommendation last couple of years now. | \$60,000 | 2-3 years |
| New condenser - Cimco Recommendation due to age and condition. | \$140,000 | 2-3 years |
| New ice pad floor - current floor is 40 years old. | \$1,100,000 | TBD |
| New Olympia - was originally scheduled for 2021 but have pushed off for a couple years due to the condition and lower hours. | \$90,000 | 2023 |

Planning Services

- 2021 Accomplishments

- Pre-consultation process has been well received by applicants and agents. The process cuts down on red tape and provides applicants clear guidelines in which to submit applications and reduces costs by narrowing the focus of required studies.
- The number of Planning Act applications has risen while the complexity of the applications has dramatically increased.
- Conducted two recruitment cycles for the Committee of Adjustment and Planning Committee due to member departures.

- 2022 Budget Commentary

- Introduction of a Planner to the department will improve services currently being provided and will allow for in depth analysis and long term land use planning to take place.
- Changing job descriptions and movement within the staff complement will necessitate additional training to enable staff to succeed.
- Complexity of Planning Act applications continues to increase due to availability of land and a changing regulatory landscape.
- The availability of specialized planning and technical staff may be constrained due to employment market conditions
- Continue to provide and promote excellent customer service to all residents, visitors and community stakeholders while also building strategic relationships with partner organizations.

- Future Budget Considerations

- Need to overhaul the Township Zoning By-law once the County-Township Official Plan is approved.
- Create new policies to guide Planning processes in the Township to reflect the current planning legislation and need for efficiencies.

Building Department

- 2021 Accomplishments
 - The 2021 construction season was extremely busy; permit volume increased rapidly at the start of the year once some COVID related construction workplace restrictions eased and construction supplies became more regularly available. This caused a boom to the volume of permits submitted and inspections requested. It is also interesting to note that the increase in projects was not just volume related, construction value was also up significantly, which increased the department revenue significantly.
- 2022 Budget Commentary
 - The Building Department budget generally operates as an isolated function of the Municipality, which is beneficial as the costs incurred by the Building Department, including capital (renovations, truck/boat purchase) are paid for and recovered fully by building permit revenue.
 - As noted in the Capital Budget overview, the Municipal Office is out of space for additional staff to be added. This will necessitate the renovation of the basement floor area (where the current boardroom/storage room are), to become a Building & Planning Dept with separate exterior entrance (sharing the existing Council Chambers entrance).
- Future Budget Considerations
 - The Building Department is understaffed, especially based on the 2021 volume. Should this volume maintain through the coming years, additional technical staff will be needed, to cover the regularly anticipated permit applications as well as the increase in construction inspections. Ancillary duties that generally fall on this department, such as by-law enforcement, need to be kept in consideration when reviewing workload volume. Adding a second truck to the fleet will allow for increased efficiency in busy months.

Library Services

- 2021 Accomplishments
 - Despite the Library being closed for half of 2020 and part of 2021, we continue to have new patrons registered for library cards monthly. Since January of this year, we have 50 new patrons. In 2020, we had 67 new patrons. As a comparison, in 2019, before the Covid restrictions, we had 82 new patrons. Many of these patrons are new families with young children.
 - Because the library was not allowed to do programming during the last year and a half, we decided to reach out to families with young children in a different way. We created Literacy Kits for families to take home. Each kit has a different theme (e.g., Numbers, Letters, Spatial Awareness, Emotions, etc.) and includes books, educational toys or games, DVDs, small parts and crafts. We are also offering Take Home Craft kits. Both the Literacy and Craft Kits have been extremely popular.
 - The Library has created a community room by moving the staff office into the Kitchen area. This community room could potentially provide a new revenue for the library. It also provides a private and safe environment for Library programming and Library groups meetings (Friends of the Library, Library Board, Computer Class, etc.). It is also a great space for patrons who need to take tests, have a zoom meeting or just need a quiet place to read or do work.
 - We Increased the amount of shelf space by reusing shelving that was in the basement. This allowed us to create more space for our books and other library material and decrease the number of books that needed to be weeded.
 - We are creating community Partnerships with different organizations to increase the resources and services the Library provides to its patrons. We are currently partnering with Age friendly Peterborough and Flemming College.
 - We provide a safe point of contact for lonely patrons in our community, especially during the Pandemic.
 - While the library was closed to the public because of the pandemic the library offered curbside pickup to its patrons and was very successful.
 - We offer our patrons printing and laminating of their covid vaccine proof of vaccination and QR code.

Library Services

- 2022 Budget Commentary
 - Since the 2019 renovations, the children section has been very popular with our young patrons. To continue to serve them better, the library would like to purchase an additional set of shelving to complete the children area and allow more space for books, DVDs, Literacy Kits, educational toys and games, etc.
 - Compared to other libraries of similar size and population, the Douro-Dummer Public Library has below average number of staff and number of staff hours. At the moment, we only have two part-time staff, the CEO and the Library Assistant. This situation causes many difficulties for the current staff members which is why we are requesting an additional part-time position at 21 hours/week.
- Future Budget Considerations
 - In the short term, the library will be looking into new shelves for DVDs and paperbacks. We would also like to increase our online resources as well as investing in new programming.
 - The Library is always looking for new ways to offer more programs and services to its patrons. We are facing many challenges, the number one being the lack of space. We are very fortunate to have a healthy book budget but because of our lack of space, we found ourselves weeding more books than we would like. This also means that we cannot offer the same kind of programming than other libraries. With that in mind and taking the Greenview Report from 2019 into consideration, the library would like to start thinking about a new library building as a long-term goal.

| Pay Equity | This represents an additional amount required to complete the 2021 project. | (blank) | \$5,000 |
| Corporate Modernization - Hardware | This project will ensure office staff have current equipment required such as laptops and cell phones. | As staff continue to implement new technologies and processes it will be important that they have the right tools to fully utilize the new technology. Therefore it is being proposed to update some existing laptops, provide laptops to staff who have desktops and update/provide cell phones to staff. | \$25,000 |
| Corporate Modernization - Software | Office 365 (implementation and training) which allows for better collaboration, records retention and access to corporate information. | Office 365 will enable Township staff to complete a variety of projects and will create collaboration amongst staff much more possible. It is proposed to use SharePoint to digitize records management across the Township which will continue to reduce the use and storage of paper at the Municipal Office. It will also make it much faster to find and access needed files. Office 365 also allows for collaboration through tools such as Microsoft Teams but in order to fully leverage the software it will be critical to train staff after implementation. | \$50,000 |

| Finance Modernization | Process and GP Optimization Study, Virtual Town Hall, Budget Software and an allocation for other technology/system improvements as per the outcome of the process review. | <p>This project includes multiple components. The first component is to complete a comprehensive review of all Finance processes (payroll, AP, AR, year-end, budgeting, etc.) and will find ways to both make the process more efficient but also review how we utilize Great Plains (GP) and other technology within these processes.</p> <p>The second part is an allocation for two key software implementations related to Virtual City Hall which will allow residents to access their tax bills, balances and statements online in addition to make various payments. This will ultimately reduce the number of phone calls and visitors to the municipal office, this reducing administrative staff resources.</p> <p>The other allocation is for budget software. When the current Treasurer joined the Township he made an Excel based budget model. However, there are limitations with this approach such as reporting and collaboration amongst managers. Furthermore, the budget model could be difficult to maintain for a future Treasurer if they are not advanced in Microsoft Excel.</p> <p>Lastly, there is a general allocation to recognize that there will be recommendations from the Process and GP optimization study and this will allow</p> | \$100,000 |

| Extrication Tools | Replace the sign in front of the Fire Hall which is broken with a digital sign. | It is being proposed to replace the existing portable sign, which is broken, with an electronic sign at the Donwood Fire Hall. The portable sign is \$10,000 to replace and the digital is \$22,000; it is recommended to purchase the digital sign as it will be a more effective communication tool for the community given there can be multiple announcements and they can be updated remotely. The sign will be funded through the Modernization Fund and therefore does not impact the levy. | \$17,000 |
| Fire Helmets | Protection Servicesfighter Helmets | New style helmets much safer for both protection and ergonomics, based on research and internal testing. New SCBA should not have a helmet with a shield in front of it due to upgrades in new SCBA mask standards. Final year of a 3-year plan to replace all helmets. | \$7,500 |

| Basement Renovations for Building Department | Renovate the large meeting room and back storage room to create the Building/Planning Department offices | The upstairs office area is over capacity and the addition of 2 new staff (planner and full time building assistant), as well as capacity for summer student(s), makes the concept of expanding office floor space a necessity. The basement is already setup with security alarm, accessible entrance and bathrooms, plus the kitchenette, which will allow for this renovation to be focused on the offices and reception area, by sharing the existing exterior entrance. The budget allocation is higher than expected in the event material or labour prices continue to rise significantly, and also includes the necessary furniture and finishing. | \$145,000 |
| Boat, Trailer and Motor | New boat for daytime building department use & as needed use for fire department | 2022 Septic Reinspection program is mainly island properties which will require frequent boat access. Increased building inspections, with occasional enforcement activities have resulted in an increase of "borrowing" one of the fire boats to use. This practice is not suitable to fire department emergency use if there was a call and the boat is away from the land. The other issue with not having a boat is that we often rely on contractors to transport us, which can potentially result in being put in unsafe situations. The purchase of a new boat, trailer and motor would be intended for daytime use of the Building Department, but the boat would meet the specifications of Fire Department use, so the boat can be shared when needed, as most fire department use is outside daytime business hours. The boat will hopefully be docked at Little's Marina, but the Fire Department will keep the trailer if they need to use the boat on a different access point. The model that would suit both department needs is similar to a Whaly 500R with a 60hp motor | \$30,000 |

| Reserve Transfer for Additional Truck Purchase in 2024 | 2nd truck planned for 2024 | Adding a second truck to the building department fleet would prevent the use of personal vehicles during the busy summer months, especially with the septic program. The plan at this time is to have 2 trucks in fleet aged 4 years apart on an 8 year lifecycle. | \$11,250 |

Recommendation:

That the C.A.O.-2021-51 report, dated December 21, 2021 regarding Township IT Services be received for information.

Overview:

The Township has had a long-standing relationship with MicroAge for providing IT Services for our facilities. The last contract was signed with MicroAge in early 2020 for an annual cost of \$19,788. This contract included managing our computers, including email and related software, 6 hours onsite service monthly and 2 hours remote service monthly. Any additional visits were in excess of that amount. Recognizing that additional hours were required, staff requested a cost from MicroAge for a fully managed contract, including a help desk that would minimize the extra costs that were being experienced. The estimate for the fully managed contract was \$42,000 annually.

In 2020, the total cost paid to MicroAge was just over \$30,000 and we expect once all invoices have been paid for 2021, the cost will be similar for this year.

The management of IT Services is a constant challenge, as when issues occur, if not rectified quickly, it can reduce the productivity of staff and create frustration. In addition, technology changes rapidly and it is important to stay up to date.

In addition to the information provided from MicroAge on a fully managed contract, staff also spoke with the County of Peterborough about managing IT services for the Township. The estimated annual cost from the County is \$25,000 with additional costs for additional projects.

Discussions were also held with the Townships of Asphodel-Norwood and Havelock-Belmont-Methuen about the possibility of joint IT services in an attempt to improve service and reduce costs. Continued discussions will consider how that agreement might be created and whether a shared employee or shared contract would be the best option.

Conclusion:

While we have received good service from MicroAge, staff will continue to explore options to maximize the service provided to the Township and reduce costs wherever possible. A future report will be provided to Council on the best option for IT services following further investigation.

Financial Impact:

The cost for IT services has been included within the 2022 operating budget.

Strategic Plan Applicability:

To ensure and enable an effective and efficient municipal administration.

Sustainability Plan Applicability: N/A

12.11 Motion to table - qualifications

A motion to table shall:

- (a) not be amended;
- (b) not be debated;
- (c) apply to the main motion and any amendments thereto under debate at the time when the motion to table was made; and
- (d) not include qualifications or additional statements.

12.12 Motion to table - accepted – procedure

Notwithstanding the provisions of section 12.2 of this By-law, if a motion to table is decided in the affirmative by a majority vote of the members present, then the main motion and any amendments thereto shall be removed from the Council's consideration until such time as a notice of motion to lift the matter from the table is filed with the Clerk within the deadline prescribed in section 6.2 of this By-law and is included in the Agenda at Item 5. (Business arising out of previous minutes), as identified in section 6.1 of this By-law.

12.13 Motion to call the question - qualifications

A motion to put the question (to close the debate) shall:

- (a) not be amended;
- (b) not be debated;
- (c) not be introduced by a Council Member who has already spoken to the motion or amendment under debate, except a motion to proceed beyond the hour of 7:30 p.m.;
- (d) apply to the motion or amendment under debate at the time when the motion to put the question is made;
- (e) not be received in any committee;
- (f) be moved using the words "please call the question" and the mover and the seconder shall not be permitted to speak to the motion to put the question; and
- (g) not be permitted either when a motion or an amendment on the floor involves the approval of an expenditure by the Council that is \$5,000,000.00 or greater.

12.14 Motion to put the question - accepted - procedure

If a motion to put the question is decided in the affirmative by a majority vote of the members present, then the preceding motion or amendment shall be voted on immediately without further debate or comment.

12.15 Motion to Defer

A motion to postpone a matter to a certain time shall:

- (a) be open to debate as to the merit of the deferral only;
- (b) be amendable as to the time; and
- (c) can be reconsidered

12.16 Motion to Refer

A motion to refer a matter under consideration to another Committee, or to the Administration or elsewhere for a specific reason, (to obtain additional information or to investigate a matter and report back with a recommendation, shall be:

- (a) be open to debate;
- (b) be amendable; and
- (c) preclude amendment or debate of the preceding motion, unless the motion to refer is resolved in the negative, in which case the preceding motion shall be open to debate and amendment.

12.17 Motion to amend

Only one motion to amend the main motion shall be permitted consideration at any one time. An amendment to the amendment of the main motion shall be allowed, however the amendment to the amendment shall be voted on first before any other motions are permitted to amend the amendment.

12.18 Motion to Reconsider

12.18.1 After any matter has been decided, any Member who voted on the question with the majority may either move for a reconsideration at the same meeting or may give notice of a Motion for reconsideration of the matter at the next meeting immediately after, but no discussion of the question that has been decided shall be allowed until the Motion for re-consideration has carried by a two-thirds vote.

12.18.2 Despite the above, reconsideration on the same matter may not be introduced more than once at the same meeting.

**Part 13
Voting**

13.1 Amendment - to amendment - voted on first

A motion to amend an amendment to a motion shall be voted on first.

13.2 Voting - order

Voting on the main motion and amending motions shall be conducted in the following order:

- (a) an amendment to the amendment to the main motion;
- (b) an amendment (as amended or not) to the main motion; and
- (c) the main motion (as amended or not).

13.3 Dividing the Motion for Voting Purposes

When the motion under consideration contains distinct propositions, upon the request of any member and provided a recorded vote has not been called for, the vote on each proposition shall be taken separately.

13.4 Voting on a Motion

A motion shall be put to a vote by the Chair immediately after all members desiring to speak on the motion have spoken in accordance with Section 10.8 of this By-law.

13.5 Mandatory vote - all members

Every member present shall vote on every motion unless the member indicated a conflict of interest, in which case the member shall recuse themselves from the vote.

13.6 Abstaining from Vote

Every member, who is not recused from voting by reason of a declared conflict of interest, shall be deemed to be voting against the motion if the member declines or abstains from the vote.

13.7 Voting on Motion – No Secret Ballot

When putting a question to the vote, the Chair will first ask those in favour of the adoption of the motion to indicate so by raising their hands, then ask for those opposed to its adoption to indicate so by raising their hands. At no time is it permissible for a motion to be determined by secret ballot.

13.8 Leaving seat - disturbance during vote - prohibited

A member shall not leave their seat or make any noise or disturbance while a vote is being taken or until the result is declared.

13.9 Announcing the Results of the Vote

The Chair shall announce the result of every vote. Where a Member disagrees with the result announced by the Chair, they may object immediately to the Chair's declaration and, with the consent of Council, the vote shall be retaken.

13.10 Tie vote – motion defeated

When there is a tie vote on any motion, it shall be deemed to have been decided in the negative.

13.11 Request for Recorded Vote

A member may call for a recorded vote immediately prior to the taking of the vote or immediately followed by the vote prior to any other matters being discussed or debated.

13.12 Recorded vote

When a recorded vote is requested, such request must be made, prior to the Chair calling for the vote on the question or immediately following the vote prior to any other matters being discussed or debated. When such a request has been made, the Clerk shall ask each member to indicate by voice their vote in the affirmative or negative to the motion. The Clerk shall record the name and vote of every member in the following order: Dummer Ward Councillor, Douro Ward Councillor, Councillor at Large, Deputy Mayor and then the Mayor, unless said member has excluded themselves by reason of the Municipal Conflict of Interest Act, R.S.O 1990, c. M. 50 and shall report the result of the vote to the Chair.

- 3.(10) Revision to Issued Permit: Should a permit holder wish to make any material change to any plan, specification, document or other information on the basis of which the permit was issued, the permit holder shall file an application for a revision to the permit which describes the material changes, and shall pay the fee set out in Schedule A.
- 3.(11) Incomplete Permit Applications: An application shall be deemed not to be complete according to Division C, Sentence 1.3.1.3.(5) of the Building Code, where any of the applicable requirements of Sections 3.01 to 3.07 have not been complied with.
- 3.(12) Abandoned Permit Applications: An application for a permit shall be deemed to have been abandoned by the applicant where,
 - 3.(12)(a) the application is incomplete according to Section 3.12 and remains incomplete six months after it was submitted;
 - 3.(12)(b) six months have elapsed after the applicant was notified that the proposed building, construction, demolition or change of use will not comply with the Act or the Building Code or will contravene any other applicable law; or
 - 3.(12)(c) the application is determined to comply with the Building Code and all applicable law, and six months have elapsed from the date upon which the applicant was notified that a permit was available to be issued.
- 3.(13) Where an application is deemed abandoned, all submitted plans, specifications and documents shall be disposed of, or upon written request from the applicant, returned to the applicant.
- 3.(14) Transfer of Permits: If the owner of the land changes after a permit has been issued, the permit may be transferred to the new owner (the

“transferee”) of the lands where an application is filed with the Township in writing, in accordance with this section and shall include,

- 3.(14)(a) proof of ownership of the lands by the transferee satisfactory to the Chief Building Official;
- 3.(14)(b) confirmation that the work to be done and the existing and proposed use and occupancy of the building or part thereof, for which the application for the transfer of the permit is made, is the same as that identified and described on the application of the permit;
- 3.(14)(c) the name, address, telephone number, facsimile number and email address of the proposed designer, and their qualifications as required by the Building Code, where they are different from those identified in the application for the permit, or a written confirmation from the designer, that they have been retained to continue to provide design services in respect to the project;
- 3.(14)(d) where the proposed transferee is a builder as defined in the Ontario New Home Warranties Plan Act, the proposed transferee’s registration number under that Act; and
- 3.(14)(e) the appropriate fee in accordance with Schedule A.
- 3.(15) Upon the issuance of transfer of a permit to the transferee, the transferee shall be deemed to be the permit holder and the original permit holder shall have no further rights or obligations under the permit save and except for any obligations set out in any agreements entered into for the purposes of clause 8.(3)(c) of the Act.

Section 4 Plans and Specifications

- 4.(1) Every applicant shall submit sufficient plans, specifications, documents and other information to enable the Chief Building Official to determine whether the proposed building, construction, demolition or change of use will contravene the Act, the Building Code or any other applicable law.
- 4.(2) The Chief Building Official shall determine the plans, specifications, documents and other information required to be submitted with an application in order to deem it complete according to Division C, Section 1.3. of the Building Code, having regard for the scope of the proposed work and the requirements of the Building Code, the Act, other applicable law and the requirements of this Section.
- 4.(3) Plans, specifications, documents and other information shall be submitted electronically in a suitable format required by the Municipality, and shall contain text that is legible and drawings that are legible, complete, fully dimensioned and to scale. For accessibility reasons or accommodations, the Chief Building Official shall be informed so as to make alternative arrangements for submission as needed.
- 4.(4) Site plans submitted by an applicant shall be referenced to a current plan of survey prepared and certified by an Ontario Land Surveyor, and a copy of the survey shall accompany the site plan submission, except where the Chief Building Official waives the requirement to do so.
- 4.(5) The Chief Building Official may require that, upon the completion of the foundation for a building, the applicant submit confirmation from an Ontario Land Surveyor certifying the location and elevation of the top of the foundation wall and confirming general conformity with the approved site plan and/or grading plan, prior to further construction taking place.
- 4.(6) During construction or upon the completion of the construction of a building, or part of a building, the Chief Building Official may require submission of as constructed plans of the building or part of a building, together with a plan

of survey prepared and certified by an Ontario Land Surveyor showing the location of the building.

Section 5 Authorization of Alternative Solutions

- 5.(1) Where the prescriptive requirements or acceptable solutions of Division B of the Building Code are not met, the Chief Building Official may approve an alternative solution under Division C, Part 2 of the Building Code. An alternative solution proposal may be requested for a system or building design at the time of permit application, or if a material change is necessary to a plan, specification, document or other information on the basis of which a permit is issued. The applicant shall submit,
 - 5.(1)(a) a completed "Application for an Alternative Solution" on the form available from the Chief Building Official;
 - 5.(1)(b) a description of the applicable objectives, functional statements and acceptable solutions;
 - 5.(1)(c) a description of the proposed material, system or building design for which authorization is sought;
 - 5.(1)(d) supporting documentation demonstrating that the proposed material, system or building design will provide the level of performance required by the Building Code; and
 - 5.(1)(e) payment of the required fee as set out in Schedule A.
- 5.(2) The Chief Building Official may accept or reject any proposed alternative solutions and may impose conditions or limitations on their use.
- 5.(3) Alternative solutions that are accepted under this section shall be applicable only to the location and limitations described in the application, and are not transferable to any other permit.

Section 6 Fees and Refunds

- 6.(1) The Chief Building Official, or designate, shall determine the fee to be paid with every permit application, calculated in accordance with Schedule A and the fee shall be due and payable, in full, upon the submission of the application for a permit.
- 6.(2) Where an application for a permit is subject to additional fees prescribed by the Township, the fees so prescribed shall be paid in addition to the fees set out in Schedule A.
- 6.(3) Any person or Corporation who commences Construction, Demolition or Change of Use of a building before the submission of an application for a permit or before receiving a permit, shall in addition to any other penalty under the Act, Building Code or this By-law, pay an additional fee equal to 100% of the amount calculated as the full permit fee for the entire project.
 - 6.(3)(a) For clarity, construction has the same definition as in the Act, and includes excavation in preparation of construction, or the grading or placement of fill prior to excavation.
- 6.(4) Fee Refunds: Where an application for a permit is withdrawn, in writing, abandoned or where a permit is denied or revoked by the Chief Building Official, upon written request of the applicant, the Chief Building Official shall determine what proportion of the permit fees, if any, may be refunded in accordance with this Section, based upon the functions undertaken by the Township, as follows:
 - 6.(4)(a) Eighty-five (85%) percent of the permit fee paid if the application is withdrawn or abandoned after the permit is entered on the Township's permit control system;

- 6.(4)(b) Seventy-five (75%) percent of the permit fee paid if the application is withdrawn or abandoned after internal departmental circulation (i.e. zoning, site plan control, grading, etc.);
- 6.(4)(c) Sixty-five (65%) percent of the permit fee paid if the application is withdrawn or abandoned after preliminary plans review has been performed;
- 6.(4)(d) Fifty (50%) percent of the permit fee paid if the application is withdrawn or abandoned after final plans review has been completed; and
- 6.(4)(e) Twenty-five (25%) percent of the permit fee paid if the application is withdrawn or abandoned after the permit has been issued.
- 6.(5) Minimum fees and set fees are non-refundable.
- 6.(6) Any amount authorized by the Chief Building Official to be refunded shall be paid to the person named on the fee receipt issued by the Township upon original payment of the fee, unless that person directs, in writing, that it be refunded to another person.
 - 6.(6)(a) In the event of a refund for a transferred permit, the refund shall be made to the transferee under 3.(14).
- 6.(7) Where Refunds Not Available: No refund of any portion of the permit fee paid shall be made in the following circumstances:
 - 6.(7)(a) Where any construction or demolition has commenced;
 - 6.(7)(b) Where at least one (1) field inspection has been made, which includes an inspection or site visit conducted before the permit has been issued;
 - 6.(7)(c) Where the calculation in accordance with Section 6.(4) yields a payment of less than sixty (\$60.00) dollars;
 - 6.(7)(d) Where a permit was revoked; and
 - 6.(7)(e) In circumstances where the application has been deemed to have been abandoned in accordance with Section 3.(12) of this By-law, and the applicant has not contacted the Township for a period of longer than three (3) months.
- 6.(8) Changing Permit Fees: Subject to the requirements of Article Div C. 1.9.1.2 of the Building Code, the fee rates within Schedule A of this By-law are subject to annual adjustment as is necessary.
- 6.(9) The municipality shall maintain a reserve account for Building Department use as required and permitted Section 7 of the Act.
- 6.(10) As prescribed by Section 8.1 of the Act and Section 398 of the Municipal Act, outstanding or unpaid fees may be added to the tax roll to be collected in a like manner. This would include fees for a permit application that was submitted without the fee having been paid, subject to the applicable refund under 6.(4), with the balance being added to the tax roll for the subject property.
- 6.(11) For projects which fees are calculated based on Construction Value, the amount to be reported as Construction Value will be the greater of the reported Construction Value on the Building Permit Application, or the fee calculated based on the Minimum Construction Costs Table listed in Schedule A as amended.
- 6.(12) The Minimum Construction Costs Table shall be established based on the RS Means construction data for the preceding year.

Section 7 Inspection Notices

- 7.(1) A notice required to be given by a permit holder to the Chief Building Official pursuant to Division C, Subsection 1.3.5. of the Building Code shall be given

to the Chief Building Official at least two days in advance of the construction stage in which notice is being given. For the purpose of inspection notices, the term day means any Monday, Tuesday, Wednesday, or Thursday, but would not include a Friday or a holiday.

- 7.(2) A notice given to the Chief Building Official, pursuant to subsection Div. C 1.3.5. of the Building Code and this Section shall not be effective until actually received by the Chief Building Official, inspector or registered code agency as the case may be.
- 7.(3) In addition to the notices prescribed by the Building Code, the permit holder shall also give notice to the Chief Building Official or registered code agency of the following stages of construction:
 - 7.(3)(a) commencement of construction of,
 - 7.(3)(a)(i) the building;
 - 7.(3)(a)(ii) masonry fireplaces and masonry chimneys;
 - 7.(3)(a)(iii) factory-built fireplaces and allied chimneys; or
 - 7.(3)(a)(iv) stoves, ranges, space heaters and add-on furnaces using solid fuels and allied chimneys.

Section 8 Revocation of Permits

- 8.(1) Notice of revocation: Prior to revoking a permit under sub-section 8.(10) of the Act, the Chief Building Official may serve a notice by personal service, electronic service or registered mail at the last known address to the permit holder.
- 8.(2) Deferral of revocation: A permit holder may, within thirty (30) days from the date of service of the notice under this part, request in writing that the Chief Building Official defer the revocation by stating reasons why the permit should not be revoked. The Chief Building Official having regard to changes in the Act, Building Code, or other applicable law may allow the deferral, in writing subject to the payment of fees as detailed within Schedule A of this By-law.

Section 9 Code of Conduct

- 9.(1) The Code of Conduct as required under Section 7.1 of the Act is set out by Township of Douro-Dummer Policy P4 - Code of Conduct – Chief Building Official

Section 10 Enforcement and Penalties

- 10.(1) No person shall:
 - 10.(1)(a) Construct a building without a permit contrary to subsection 8.(1) of the Act;

 - 10.(2)(a) An order to comply made by an Inspector under Subsection 12.(2) of the Act;
 - 10.(2)(b) An order not to cover made by an Inspector under subsection 13.(1) of the Act;
 - 10.(2)(c) An order to uncover made by an Inspector under section 13.(6) of the Act;
 - 10.(2)(d) A stop work order made by the Chief Building Official under subsection 14.(4) of the Act;
 - 10.(2)(e) An order to remedy an unsafe building made by an inspector under subsection 15.9.(4) of the Act;
 - 10.(2)(f) An order prohibiting use or occupancy of an unsafe building made by the Chief Building Official under subsection 15.9.(6) of the Act; and
 - 10.(2)(g) An order to repair a dangerous building made by the Chief Building Official under subsection 15.10.(1) of the Act.
- 10.(3) Every person who contravenes any provision of this By-law, the Building Code, or the Act or is party to such contravention is guilty of an offence and upon conviction is liable to a fine, in accordance with section 36 of the Act with respect to offences arising from section 10.(1) and 10.(2) of this By-law; or otherwise as provided for in the Provincial Offences Act R.S.O. 1990, c. P.33.
- 10.(4) Every person who hinders or obstructs a person lawfully carrying out the enforcement of the By-law is guilty of an offence.
- 10.(5) Every person who is guilty of an offence under this By-law may, if permitted under the Provincial Offences Act, R.S.O. 1990, c. P.33 as amended, pay a set fine, and the Chief Judge of the Ontario Court of Justice shall be requested to establish set fines as set out in Schedule D of this By-law.
- 10.(6) In addition to the penalties prescribed in section 10.(1) and 10.(2) of this By-law, the Chief Building Official may apply under subsection 36.(1) and or 38.(1) of the Act for additional penalties and/or fine up to Five Thousand

Dollars (\$5,000.00) or the maximum fine applicable pursuant to the provisions of the Provincial Offences Act, R.S.O. 1990, c. P.33.

Section 11 Administration and Effective Date

- 11.(1) The Chief Building Official is responsible for the administration of this By-law.
- 11.(2) The Chief Building Official shall review the By-law as required and coinciding with the Building Code amendments to ensure compliance with legislation.
- 11.(3) That By-law 2007-37, as amended and 2011-14, as amended are both hereby repealed effective January 1, 2022, notwithstanding that the fees already in effect are the same as those prescribed under Schedule A to this By-law.
- 11.(4) This By-law shall come into force on January 1, 2022.

Passed in open council this 21st day of December, 2021.

The Corporation of the Township of Douro-Dummer

By-law Number 2021-75

**Being a By-law to authorize the execution of an Amending Site Plan
Agreement
With Wildfire Golf Club
and The Corporation of the Township of Douro-Dummer
(Roll No. 1522-020-005-78000)**

Whereas The Corporation of the Township of Douro-Dummer deems it expedient and necessary to enter into an Amending Agreement with Wildfire Golf Course;

Now Therefore the Council for The Corporation of the Township of Douro-Dummer enacts as follows:

1. **That** The Corporation of the Township of Douro-Dummer enter into an Agreement with Wildfire Golf Course.; of property in Part Lots 30 and 31, Concession 7, Part Lot 30, Concession 6, and Part of the road allowance between Concessions 6 and 7, geographic Township of Dummer, closed by by-law 28-1989 which by-law is registered as Instrument 536069, Township of Douro-Dummer, geographic Township of Dummer, County of Peterborough,, which shall be attached to this by-law as Appendix 'A' and forming part of this by-law; under the terms and conditions contained therein.
2. **That** the Mayor and the proper officers of the Township be hereby authorized to execute such Site Plan Agreement and affix the Corporate Seal thereto.

Passed in Open Council this 21st day of December, 2021.

Mayor, J. Murray Jones

Acting Clerk, Martina Chait-Hartwig

SITE PLAN
THIRD AMENDING AGREEMENT

THIS AGREEMENT made this _____ day of December, A.D. 2021.

BETWEEN:

Wildfire Golf Club
Hereinafter called the "**OWNER**"

OF THE FIRST PART

AND

**THE CORPORATION OF THE TOWNSHIP OF
DOURO-DUMMER**
Hereinafter called the "**MUNICIPALITY**"

OF THE SECOND PART

AND

Stonehouse Golf Management Inc.
Hereinafter called the "**ENCUMBRANCERS**"

OF THE THIRD PART

WHEREAS the Owner has represented to the Municipality that the lands described in Schedule "A" attached hereto are owned by it as stated in the Certificate of Ownership attached to this Agreement as Schedule "B", and further warrants that all municipal taxes levied against the lands have been paid and will be paid as the same falls due;

AND WHEREAS the Owner and the Municipality entered into a Site Plan Agreement dated 8th day of April, 2002, registered on April 17, 2002 as Instrument No. 687072, as Amended by Agreement dated the 14th day of March 2003, registered on April 9th, 2003 as Instrument No. 695759 and further amended by Agreement dated 14th day of April 2005, registered on 5th day of July 2005, Instrument No. 718954;

AND WHEREAS the Owner would like to construct a golf cart storage building located on the property subject to the Site Plan Agreement;

AND WHEREAS the parties desire to enter into a Site Plan Third Amending Agreement in regard to certain on-site features of the development of the said property and the provision of services thereto;

NOW, THEREFORE, THIS AGREEMENT WITNESSETH that the parties hereto for themselves, their heirs, executors, administrators, successors and assigns, do covenant and agree as follows:

In this Agreement:

(a) "Municipal Engineer" means the Engineer for the time being of the Corporation of the Township of Douro-Dummer;

(b) "Owner" includes a mortgagee in possession, a tenant in possession pursuant to a leasehold interest, and an encumbrancer in possession, and may mean more than one Owner as specified in the Certificate of Ownership;

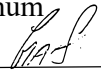

(c) "services" or "facilities" includes sewers, grading, drainage work, roads, curbs, sodding, landscaping, sidewalks, walkways, fencing, signs and other works required to be provided pursuant to this Agreement;

(d) where the context permits, words importing the singular number or the masculine or neuter gender also include more persons, parties or things of the same kind than one, and females as well as males.

1. The obligations imposed pursuant to this Agreement affect the land described in Schedule "A" hereto and any restrictive covenants expressed herein run with the land and bind successors in title to the said property as well as the successors and assigns of the Owner.
2. The encumbrancer, if any, agrees to satisfy all of the obligations imposed pursuant to this document if it should enter into possession of the said lands.
3. The following schedules are attached to and form part of this Agreement and no building, structure, or other facility shall be erected, altered, or placed on the said lands except in accordance with the attached Schedules and Plans:

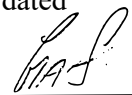

- Schedule 1: Site Plan prepared by FAD Architects, dated November 2020
- Schedule 2: Grading Plan prepared by Philips Engineering, dated November 2004, Reviewed April 26, 2005
- Schedule 3: Stormwater Management Report prepared by Engage Engineering Ltd. dated April 16, 2021 and revised September 17, 2021
- Schedule 4: Building Drawings Schedules G1, R1, R2, S1 through to S5 and Certificate of Design and Manufacturing Conformance prepared by Steelway Building Systems, stamped January 26, 2021
- Schedule 5: Building Elevations prepared by FAD Architects, dated November 2020
- Schedule 6: On Grade Foundation Design prepared by James Federico & Associates, stamped February 3, 2021
- Schedule 7: Project Notes prepared by James Federico & Associates, stamped February 3, 2021

The Owner and the Municipality agree that, notwithstanding the calculations and dimensions shown on Schedule 1, that after the proposed Cart Storage Facility is built, the total maximum floor area of maintenance and cart storage facilities will not exceed 1258m².

Initials

The Owner and the Municipality agree that, as per the recommendation from D.M. Wills dated October 13, 2021, a turf reinforcement mat should be used instead of rip-rap as erosion protection for the overflow weir in the stormwater facility. This is to prevent seepage through the rip-rap prior to reaching the 100-year ponding elevation.

Initials

The Owner further agrees to provide the Municipality with any and all plans, information, sketches, surveys or reports as may be requested by the Municipality during the term of this agreement.

4. It is hereby understood and agreed that if construction is not commenced within one-year (1) from the date of this agreement, that the Municipality, at its option, may declare the plans in this agreement null and void and require the submission of new plans.
5. The Owner shall perform all the work and provide all the materials necessary for the construction of the addition as outlined in the Schedules and Site Plan which are attached and noted as Schedules '1' through '7', both inclusive, to this Agreement. Such work shall be fully completed no later than November 31, 2022 (known as "the completion date").
6. The Owner shall prevent damage being caused to existing public highways, other public works, or municipal property in the course of the development of the said lands and shall restore such property to the condition it was in prior to the commencement of development.

7. The Owner shall keep all municipal taxes into good standing as at the date of the execution of this agreement and shall keep all municipal taxes levied against the lands and premises described in Schedule "A" in good standing thereafter.

8. The Owner shall, during excavation and construction on the site, maintain and keep the site in a satisfactory condition, and without limiting the generality of the foregoing, shall:

- a) prevent any damage to abutting properties from erosion, runoff, surface water drainage or other nuisance; and
- b) keep all construction materials, bags, dust or other debris on the site and clean abutting properties immediately if this obligation is not performed.

9. In the event of the sale of the said lands the Owner will obtain the Purchaser's covenant, in writing, to assume full and complete responsibility for the performance of the Owner's continuing obligations under this Agreement including the payment of municipal taxes as the same fall due.

10. The Owner shall bear all costs and expenses incurred by the Municipality in retaining consultants to provide advice and assistance to the staff of the Municipality in reviewing, considering and analyzing any aspect of the application for approval of development of the land described in Schedule "A" hereto annexed, whether such costs and expenses were incurred prior to execution of this agreement or subsequent to such execution. Without limiting the generality of the foregoing, the Owner specifically acknowledges that the Municipality shall require written confirmation from its consultants that the work illustrated in the schedules referenced in paragraph 3 of this agreement has been inspected when advised that the same has been completed by the Owner and has been found to be in compliance with the approved schedules. The cost of such inspection shall be borne by the Owner and may be deducted from any security held by the Municipality to ensure performance of the Owner's obligations. Upon receiving the aforesaid written confirmation from its consultants, the Municipality covenants and agrees to surrender to the Owner any remaining security which it might hold. The Municipality may require the Owner to deposit with the Municipality financial security in a form satisfactory to the Municipality, sufficient to meet such anticipated costs and expenses. In the event that the Owner fails to deposit such security within 10 days of written demand by the Municipality, the Municipality may discontinue all procedures relating to the development of the lands and may cause the Owner to delay commencement of or cease further work on the project until such time as the requirements of the section have been satisfied. Without limiting the generality of the foregoing, upon execution of the agreement, the Owner shall deposit ~~\$500.00~~ ^{5000.00} with the Municipal Clerk as security towards the cost incurred by the Municipality as outlined above. The Owner shall maintain the security deposit at the sum of \$5000.00 at all times until the Municipality confirms that the Owner has satisfied all requirements of the agreement herein.

11. The Owner further warrants that this Agreement is in registerable form, or will be brought into registerable form, and shall be registered on title at the Owner's expense, and that actual notice of the existence and terms of this Agreement have been provided to any party who has executed, or will execute an offer or option to purchase the said lands. Concurrently with the execution of this Agreement, the Owner shall provide the Municipality with adequate security as outlined herein and all instruments necessary to implement the conveyance of lands, easements, or other interests to the Municipality as well as give priority of registration to this Agreement.

12. The Owner shall deposit with the Municipal Clerk an irrevocable letter of credit in satisfactory form in favour of the Municipality from any Chartered Bank in Canada, for the amount set out in Schedule "C". It shall be on such terms that the Bank shall pay to the Municipality such sums as may be requested from time to time to the maximum limit of the credit without recourse. The letter of credit shall continue to run until the completion date and may be extended at the option of the Municipality if the said services or facilities on the site have not been completed or provided. The letter of credit shall be in such a form that it cannot be revoked unless authorized by the Municipal Clerk and cannot be transferred to any other party. The Owner shall further pay the levies referred to in Schedule "C" annexed hereto upon execution of this agreement.

13. The Owner acknowledges that this agreement shall not in any way relieve it of responsibility for the payment of fees, levies or other charges imposed by the Municipality or by other levels of government.

14. In the event the Owner fails to install or maintain the facilities covered by this Agreement, or fails to proceed expeditiously, or fails to install the services in accordance with the specifications and requirements of this Agreement, then, upon the Municipal Engineer, or his designate, giving seven (7)

days' written notice by prepaid registered mail to the Owner, the Municipality, through its employees, agents, or contractors may, without further notice, enter upon the lands and proceed to supply all materials and to do all the necessary inspections and works in connection with the facilities including the repair or reconstruction of faulty work and the replacement of materials which are not in accordance with plans or specifications and to charge the cost thereof, together with the cost of engineering, and any other reasonable expenses incurred by the Municipality, against the Owner. Such entry and work shall not be deemed as acceptance or assumption of said facilities nor an assumption by the Municipality of any liability. It is expressly agreed that the Owner or any person in possession shall not question the cost incurred by the Municipality for labour, materials and all other costs incidental to do the said work and this provision shall be deemed to operate as an effective estoppel in judicial proceedings if such costs are challenged or placed in question. The Owner agrees to permit the Municipal Engineer, or its agents, to enter on the lands at any time to inspect the work. The Municipality may perform any of the required services and collect the cost for the enforcement of this Agreement, as well as for the provision or installation of the requisite services for the said lands, from the security filed by the Owner or may collect the same in the same manner as municipal taxes.

15. The Owner further agrees that entry and performance of works or procedures by the Municipality as herein provided shall not constitute a trespass and the Municipality shall not be responsible for any damages caused in the performance of such work except such damages as may be directly caused by the negligence of the agents, contractors, servants or workmen of the Municipality.

16. The Owner shall indemnify and save the Municipality harmless from any and all actions, claims or demands made or brought against the Municipality by any person or persons for damages arising out of the negligent act, or omissions, or breaches of the Owners, its agents, servants, workmen, and sub-contractors, and assigns in respect of its obligations under this Agreement. It is expressly acknowledged that the Municipality does not warrant the quality of work performed on behalf of the Owner.

17. Unless otherwise stipulated in this Agreement minor alterations or changes to the plan may be requested by the Owner. For the purposes of this provision a minor amendment is deemed to be:

(a) A modification to a specific provision of the Agreement which will not conflict with the general intent and purpose of the Site Plan Agreement.

Such requests shall be made to the Municipal Clerk who may authorize the change, in writing. A building permit may be required to implement the proposed alteration.

18. In the event that the Owner shall hereafter propose to alter or amend a previously approved Site Plan elevation drawing or landscape drawing, the Owner shall, if directed by the Municipality so do so, provide written notice of such proposed alteration or amendment to all Owners of land which abut the lands described in Schedule "A" hereto annexed, to such extent, in such form and in such manner as the Municipality may from time to time specify, and the Owner shall file with the Municipality such evidence as the Municipality may require as to the giving of such notice. The Municipality shall thereupon either process the application for approval of the proposed alteration or amendment or require that the Owner give to such abutting Owner such further and/or other notice and information as the Municipality may specify, prior to the processing of the application.

19. Any notice required to be given pursuant to the terms hereof shall be in writing and sent by prepaid registered mail, or personally delivered, to the other party at the following address:

800 Erskine Ave, Peterborough, ON K9J 5T9
 (a) Notice to the Owner shall be addressed to Glenn Stonehouse c/o Stonehouse Golf Management Inc. ~~44 Apex Road, Toronto, ON M6A 2V2~~ or via email to stonehouse@stonehousegroupinc.com, and such shall be deemed to be effective notice.

(b) Notice to the Municipality shall be addressed to Martina Chait-Hartwig, Acting Clerk, 894 South Street, PO Box 92, Warsaw, Ontario, K0L 3A0 or via email to martinac@dourodummer.on.ca, and such shall be deemed to be effective notice.

The Owner shall advise the Municipality of any changes of address and subsequent purchasers shall advise the Clerk, in writing, of any changes for service of Notices pursuant to this Agreement. Any such notice that is mailed shall be deemed to be received by the addressee on the fifth day after it is mailed.

20. Notwithstanding any provision hereof relating to notice, the Municipality may, in case of emergency as determined by the Municipal Engineer, perform such work as the said Engineer may consider necessary without notice and all other provisions hereof shall apply *mutatis mutandis*.

21. The Owner further warrants that this Agreement is in registerable form, or will be brought into registerable form, at the Owner's expense, and that actual notice of the existence and terms of this Agreement have been provided to any party who has executed, or will execute an offer or option to purchase the said lands. Concurrently with the execution of this Agreement, the Owner shall provide the Municipality with adequate security as outlined herein and all instruments necessary to implement the conveyance of lands, easements, or other interests to the Municipality.

22. Notwithstanding anything in this agreement to the contrary, in the event that the Owner is delayed in the performance of any of the Owner's obligations pursuant to this agreement for any reason which the Municipality recognizes as being beyond the control of the Owner, the Owner shall be permitted such extension of time as the Municipality may, in writing, grant for the performance of such obligations.

23. The Municipality may elect to enforce any or all of the enforcement provisions of this agreement in such order or succession as the Municipality may see fit and exercise of any one or more of such provisions shall not preclude exercise of any other of such provisions until such time as complete compliance with this agreement by the Owner has taken place.

24. The Owner shall provide adequate security to the Site during the course of construction. If the structure or building has not been completed by the 31st day of November, 2022, then the Municipality may take appropriate steps to secure the Site and to assess any costs incurred thereby against the Owner. In order to provide adequate security to the Site during the course of construction, the Owner acknowledges that the Municipality may construct an appropriate barrier or fence around the perimeter of the subject lands and assess all costs against the Owner.

25. The Owner hereby acknowledges that he has understood the provisions of this agreement and is familiar with the plans referred to this agreement. The Owner agrees that the requirements of this agreement and the plans shall be brought to the attention of its agents and contractors who are constructing this development. The Owner acknowledges that it is aware of the requirements of the Site Plan Control By-laws of the Municipality and that a penalty for breach of the Site Plan Control By-laws, in the event the plans are not complied with, may result in a charge under Section 67 of the Planning Act, R.S.O. 1990, Chapter P13, as amended.

26. This agreement shall be binding upon the parties, their successors or assigns, but shall not be assignable without the express written approval of the parties.

27. This agreement shall constitute the entire agreement between the parties and there is no representation, warranty, collateral agreement or condition affecting this agreement other than as expressed herein in writing.

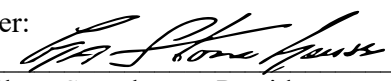

28. This agreement shall be construed in accordance with the laws of the Province of Ontario.

29. Should any provision of this agreement be found to be invalid by a Court of competent jurisdiction, that provision shall be severable from the remainder of this agreement and the remainder of this agreement shall remain in full force and effect.

30. This Site Plan Third Amending Agreement may be executed in counterpart and each counterpart shall be deemed to be an original and all counterparts taken together shall constitute one fully executed copy of the original Site Plan Agreement.

WITNESS the respective corporate seals of the respective corporate parties hereto, duly affixed under the hands of their respective signing officers, duly authorized in that behalf.

**Being a By-law to provide for User Fees and Charges, and to repeal
2020-50, as amended**

Whereas the Municipal Act, 2001, S.O. 2011, C. 25, as amended, authorizes a municipality or local board to impose fees or charges on persons;

And whereas it is desirable to formally adopt the fees and charges presently in existence, provide for some future increases for some of the fees and charges and to formally adopt the list that will be available for public inspection;

Now therefore the Council for The Corporation of the Township of Douro-Dummer hereby enacts as follows:

1. That Schedule "A" attached hereto shall comprise the list of fees and charges that will be available for public inspection.
2. That all the fees and charges included in Schedule "A" attached hereto are hereby adopted by Council if not otherwise done so by By-law.
3. That By-law Number 2020-50 as amended is hereby repealed, in its entirety.
4. This By-law shall come into force and effect on January 1, 2022.

The Corporation of the City of Peterborough

By-Law Number 21-105

Being a By-law to Adopt an Official Plan for the City of Peterborough

Whereas Section 17 of the Planning Act, R.S.O. 1990, c. P. 13, as amended (the Planning Act), requires municipalities, including The Corporation of the City of Peterborough, to prepare and adopt an Official Plan and submit it to the Minister of Municipal Affairs and Housing for approval;

And Whereas The Corporation of the City of Peterborough currently has in effect an Official Plan, as amended, which was adopted by By-law 1981-150 on December 7, 1981 and was approved in parts by the Minister of Municipal Affairs and Housing on May 27, 1982, Sept. 1, 1982 and Sept. 6, 1984 and by the Ontario Municipal Board on December 17, 1984, March 2, 1986 and February 23, 1987;

And Whereas pursuant to a municipal restructuring Order made under the Municipal Act, R.S.O. 1990, c. M.45 and approved by the Minister of Municipal Affairs and Housing on March 27, 1997, the Township of Smith Official Plan, the Township of Otonabee Official Plan, and the Township of Otonabee-South Monaghan Official Plan as they apply to the lands annexed to the City of Peterborough January 1, 1998 and January 1, 2008, became Official Plans of the City of Peterborough and shall remain in force until amended or repealed to provide otherwise;

And Whereas pursuant to a municipal restructuring Order made under the Municipal Act, 2001, S.O. 2001, c. 25 and approved by the Minister of Municipal Affairs and Housing on September 19, 2012, the Township of Otonabee-South Monaghan Official Plan as it applied to the lands annexed to the City of Peterborough January 1, 2013 became an Official Plan of the City of Peterborough and shall remain in force until amended or revoked to provide otherwise;

And Whereas The Corporation of the City of Peterborough has undertaken an Official Plan Review, including a municipal comprehensive review pursuant to the Growth Plan for the Greater Golden Horseshoe, as amended, and has prepared a new City of Peterborough Official Plan, November 2021, which includes the lands annexed to the City on January 1, 1998, January 1, 2008 and January 1, 2013, in accordance with Sections 17, 21 and 26 of the Planning Act, to replace the current Official Plans applicable to the City of Peterborough with a new Official Plan that conforms with provincial plans, has regard to matters of provincial interest and is consistent with policy statements issued under the Planning Act;

Now Therefore, The Corporation of the City of Peterborough by the Council thereof hereby enacts as follows:

1. In accordance with Section 17(22) of the Planning Act, the new City of Peterborough Official Plan, November 2021, as set out in Schedule “A” attached hereto, is hereby adopted.
2. The Clerk is hereby authorized and directed to give notice of adoption of the new City of Peterborough Official Plan, November 2021, pursuant to Section 17(23) of the Planning Act.

3. The Clerk is hereby authorized and directed to forward the new, Council-adopted City of Peterborough Official Plan, November 2021, and other required documentation to the Ministry of Municipal Affairs and Housing, pursuant to Section 17(31) of the Planning Act, for the approval of the new Official Plan.
4. In accordance with Section 17(38.1) of the Planning Act, the new Official Plan shall take effect on the day after the day it is approved.
5. The current City of Peterborough Official Plan (By-law 1981-150), and all amendments thereto, is hereby repealed at the end of the day on which the new Official Plan is approved.
6. The Township of Smith Official Plan (By-law 1994-46) and all amendments thereto, as applied to the lands annexed to the City of Peterborough on January 1, 1998 and January 1, 2008, is hereby repealed at the end of the day on which the new Official Plan is approved.
7. The Township of Otonabee Official Plan (By-law 12-85) and all amendments thereto, as applied to the lands annexed to the City of Peterborough on January 1, 1998, is hereby repealed at the end of the day on which the new Official Plan is approved.
8. The Township of Otonabee-South Monaghan Official Plan (By-law 2004-70) and all amendments thereto, as applied to the lands annexed to the City of Peterborough on January 1, 2008 and January 1, 2013 is hereby repealed and revoked at the end of the day on which the new Official Plan is approved.

By-law passed this 29th day of November, 2021.

Notice of the Adoption of an Official Plan for the City of Peterborough

Take notice that the Council of the Corporation of the City of Peterborough passed By-law Number 21-105 on the 29th day of November 2021, under Section 17 of **The Planning Act** to adopt a new Official Plan for the City of Peterborough.

Purpose and Effect:

The City of Peterborough Official Plan, November 2021, will guide how and where the City of Peterborough grows to the year 2051. It will replace the City's current Official Plan as well as two former township Official Plans that have remained in effect in areas annexed between 1998 and 2013. The new Official Plan will apply to the entire City of Peterborough with new land use policy and schedules (maps). The Plan identifies where various land uses can be located, such as residential, commercial, institutional, employment and open space, plans for the city's infrastructure needs, identifies and protects the City's natural heritage system and water resources, and establishes a vision and policies for growing as a complete, vibrant, sustainable, resilient and equitable city. The new Official Plan will also provide a framework for future zoning by-law regulations.

Adoption of the new Official Plan concludes the City's municipal comprehensive review exercise which has been built upon extensive community engagement. The Plan conforms with the Growth Plan for the Greater Golden Horseshoe, 2019, has regard for matters of provincial interest, and is consistent with the Provincial Policy Statement, 2020 issued under the Planning Act.

The Council of the Corporation of the City of Peterborough, sitting as General Committee, held a Public Meeting to consider the plan under Section 17 of the Planning Act on November 1, 2021. Council considered oral and written comments from members of the public concerning the new Official Plan resulting in some minor amendments to the text and schedules of the Plan prior to its adoption.

Information Related to the new Official Plan

Information related to the new Official Plan, including a copy of the adopted Plan, a Natural Heritage System Background Study, a Municipal Comprehensive Review Land Needs Assessment Report, and a public, stakeholder, agency and First Nation comment matrix is available for inspection at the Planning Division, City Hall, (Monday to Friday, 8:30 a.m. to 4:30 p.m.) and online at:

<https://www.peterborough.ca/en/doing-business/official-plan-update.aspx>

Notice of the Decision of the Approval Authority

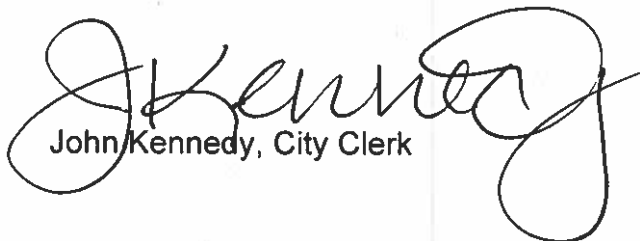

The Minister of Municipal Affairs and Housing is the approval authority for the new City of Peterborough Official Plan.

Any person or public body will be entitled to receive notice of the decision of the approval authority if a written request to be notified of the decision (including the person's or public body's address, fax number or email address) is made to the approval authority at the following address:

Damien Schaefer, MCIP, RPP
Municipal Planner
Ministry of Municipal Affairs and Housing (MMAH)
Municipal Services Office – East
8 Estate Lane, Rockwood House
Kingston, Ontario K7M 9A8
Damien.Schaefer@ontario.ca

Pursuant to Section 17(36.5) of the Planning Act, the Minister's decision is final as there is no appeal in respect of a decision of the approval authority where the approval authority is the Minister.

Dated at the City of Peterborough this 9th day of December, 2021.
