COUNTY OF PETERBOROUGH
MUNICIPAL APPRAISAL FORM

APPLICANT: John & Jacqueline Alleyne

FILE B - 99-24

LOT: 21, CON.: 1 MUNICIPAL WARD: Douro

911 address: 1677 Douro First Line, Roll #: 1522-010-001-01600, Island # or other: _____

APPLICATION FOR: Creation of a new lot _____

RECOMMENDATION:

Application conforms to the Official Plan. Severed parcel conforms to the Zoning By-Law. Retained parcel does not conform to the Zoning By-Law. The Township recommends this application. If the application is approved, the following conditions are requested:

- 1. [X] \$1250 Cash-in-lieu of parkland fee be paid to the Municipality.
2. [X] Minor Variance for the retained parcel to the satisfaction of the Municipality.
3. [X] A 3-metre strip of frontage from the severed parcel be deeded to the Township for road widening purposes. Cost to be incurred by the applicant.
4. [X] A Mitigation Measures Agreement is to be entered into between the Owner and the Municipality and registered on title at the owner's expense, which would recognize the recommendations outlined in Section 11 and Appendix I of the Scoped Natural Heritage Evaluation (sNHE) prepared by Oakrdge Environmental Ltd. dated September 2023.
5. [X] A test hole for the septic system be inspected, there is a fee to inspect test holes to ensure a septic system would be viable. The fees have been paid. The applicant is responsible for the digging of the test holes.

Comments: The minor variance is required to recognize a deficient lot frontage for the retained parcel. A minimum lot frontage of 135 m is required and the application indicates the lot frontage will be 128 m. Alternatively, the frontage of the severed parcels could be adjusted to ensure minimum lot frontages of 45 m and a minimum lot frontage of the retained parcel of 135 m. The lot frontages should be verified by an Ontario Land Surveyor and the minimum lot area for the severed parcels must be 0.4 hectares.

The Manager of Public Works has noted that the entrance to the severed lot should be located at the north end of the lot for safe sightlines.

According to air photos, including those submitted with the application, there appears to be an accessory structure on the severed parcel. This should be removed/relocated or a rezoning will be required to recognize an accessory structure prior to a primary structure (S. 3.1.11).

OFFICIAL PLAN:

Application conforms to the Township Official Plan policies, Section(s) 6.2.2.2, 6.2.2.3 (d), 6.2.2.5 (a), (d) & (e), 6.1.1 and 7.12.

Severed Parcel:

- a) Proposed Use: Residential
b) Land Use Designation(s): Rural.
c) The proposed use is a permitted one.
d) Special policies affecting the severed parcel (i.e. OPA): _____.

Retained Parcel(s):

- a) Proposed Use: Residential & Agricultural - existing.
b) Land Use Designation(s): Rural.
c) The proposed use is a permitted one.
d) Special policies affecting the retained parcel (i.e. OPA): _____.

ZONING BY-LAW:

Severed Parcel:

- a) The severed parcel conforms to the Township Zoning By-Law provisions, Section(s) 9.1.5, 9.2.4 (a) & (b).
b) [X] A rezoning is not required for the severed parcel.
c) [X] A minor variance is not required for the severed parcel.
d) The existing zoning of the severed parcel is: (RU).
e) The recommended zoning of the severed parcel would be: _____.

Retained Parcel(s):

- a) The retained parcel does not conform to the Township Zoning By-Law provisions, Section(s) 9.2.1 (b) and/or 9.2.6.1 (b).
b) [X] A rezoning is not required for the retained parcel.
c) [X] A minor variance is required for the retained parcel.
d) The existing zoning of the retained parcel is: (RU).
e) The recommended zoning of the retained parcel would be: _____.

General:

- a) If the severed and/or retained parcel(s) do not conform to the Zoning By-Law, Council supports a rezoning and/or minor variance.

APPLICATION FOR: Creation of a new lot _____

RECOMMENDATION:

Application conforms to the Official Plan. Severed parcel conforms to the Zoning By-Law. Retained parcel does not conform to the Zoning By-Law. The Township recommends this application. If the application is approved, the following conditions are requested:

- 1. [X] \$1250 Cash-in-lieu of parkland fee be paid to the Municipality.
2. [X] Minor Variance for the retained parcel to the satisfaction of the Municipality.
3. [X] A 3-metre strip of frontage from the severed parcel be deeded to the Township for road widening purposes. Cost to be incurred by the applicant.
4. [X] A Mitigation Measures Agreement is to be entered into between the Owner and the Municipality and registered on title at the owner's expense, which would recognize the recommendations outlined in Section 11 and Appendix I of the Scoped Natural Heritage Evaluation (sNHE) prepared by Oakrdge Environmental Ltd. dated September 2023.
5. [X] A test hole for the septic system be inspected, there is a fee to inspect test holes to ensure a septic system would be viable. The fees have been paid. The applicant is responsible for the digging of the test holes.

Comments: The minor variance is required to recognize a deficient lot frontage for the retained parcel. A minimum lot frontage of 135 m is required and the application indicates the lot frontage will be 128 m. Alternatively, the frontage of the severed parcels could be adjusted to ensure minimum lot frontages of 45 m and a minimum lot frontage of the retained parcel of 135 m. The lot frontages should be verified by an Ontario Land Surveyor and the minimum lot area for the severed parcels must be 0.4 hectares.

The Manager of Public Works has noted that the entrance to the severed lot should be located at the south end of the lot for safe sightlines.

OFFICIAL PLAN:

Application conforms to the Township Official Plan policies, Section(s) 6.2.2.2, 6.2.2.3 (d), 6.2.2.5 (a), (d) & (e), 6.1.1 and 7.12.

Severed Parcel:

- a) Proposed Use: Residential
b) Land Use Designation(s): Rural.
c) The proposed use is a permitted one.
d) Special policies affecting the severed parcel (i.e. OPA): _____.

Retained Parcel(s):

- a) Proposed Use: Residential & Agricultural - existing.
b) Land Use Designation(s): Rural.
c) The proposed use is a permitted one.
d) Special policies affecting the retained parcel (i.e. OPA): _____.

ZONING BY-LAW:

Severed Parcel:

- a) The severed parcel conforms to the Township Zoning By-Law provisions, Section(s) 9.1.5, 9.2.4 (a) & (b).
b) [X] A rezoning is not required for the severed parcel.
c) [X] A minor variance is not required for the severed parcel.
d) The existing zoning of the severed parcel is: (RU).
e) The recommended zoning of the severed parcel would be: _____.

Retained Parcel(s):

- a) The retained parcel does not conform to the Township Zoning By-Law provisions, Section(s) 9.2.1 (b) and/or 9.2.6.1 (b).
b) [X] A rezoning is not required for the retained parcel.
c) [X] A minor variance is required for the retained parcel.
d) The existing zoning of the retained parcel is: (RU).
e) The recommended zoning of the retained parcel would be: _____.

General:

- a) If the severed and/or retained parcel(s) do not conform to the Zoning By-Law, Council supports a rezoning and/or minor variance.

Pursuant to Section 3(8) of Ontario Regulation 197/96, under the Planning Act, I am enclosing a copy of an application for Consent, for your review and comments to the Peterborough County Land Division Office.

An application for Consent has been made by **John & Jacqueline Alleyne** .

Purpose and Effect

The purpose of the application is to request the consent of the Land Division Office to the conveyance of a parcel of land having a frontage of approximately **90m** and an area of approximately **0.7 ha**.

The effect of the application is to create a new residential lot.

Location of Land

Municipality: (Ward of) **Douro** Lot **21** Concession **1**. Plan _____ Block _____
911 Address: 1677 Douro First Line

Decision and Appeal

If you wish to be notified of the decision in respect of the proposed consent, you must make a written request to the Land Division Office at the address noted below.

If a person or public body, that files an appeal of a decision in respect of the proposed consent, does not make a written submission to the Land Division Office before it gives or refuses to give a provisional consent, then the Local Planning Appeal Tribunal may dismiss the appeal.

Last Day for Receiving Comments:

Pursuant to Section 53 (14) of the Planning Act, if an application is made for a consent and a decision regarding the application is not made within 60 days after the day the application is received by the Land Division Office, the applicant may appeal to the Local Planning Appeal Tribunal. It is the policy of the Land Division Committee that there be 35 consecutive days allowed for agencies to submit their comments.

Therefore, your comments are required to be received prior to December 13, 2024. If comments are not received, prior to this date, the Committee may proceed with the hearing of this application.

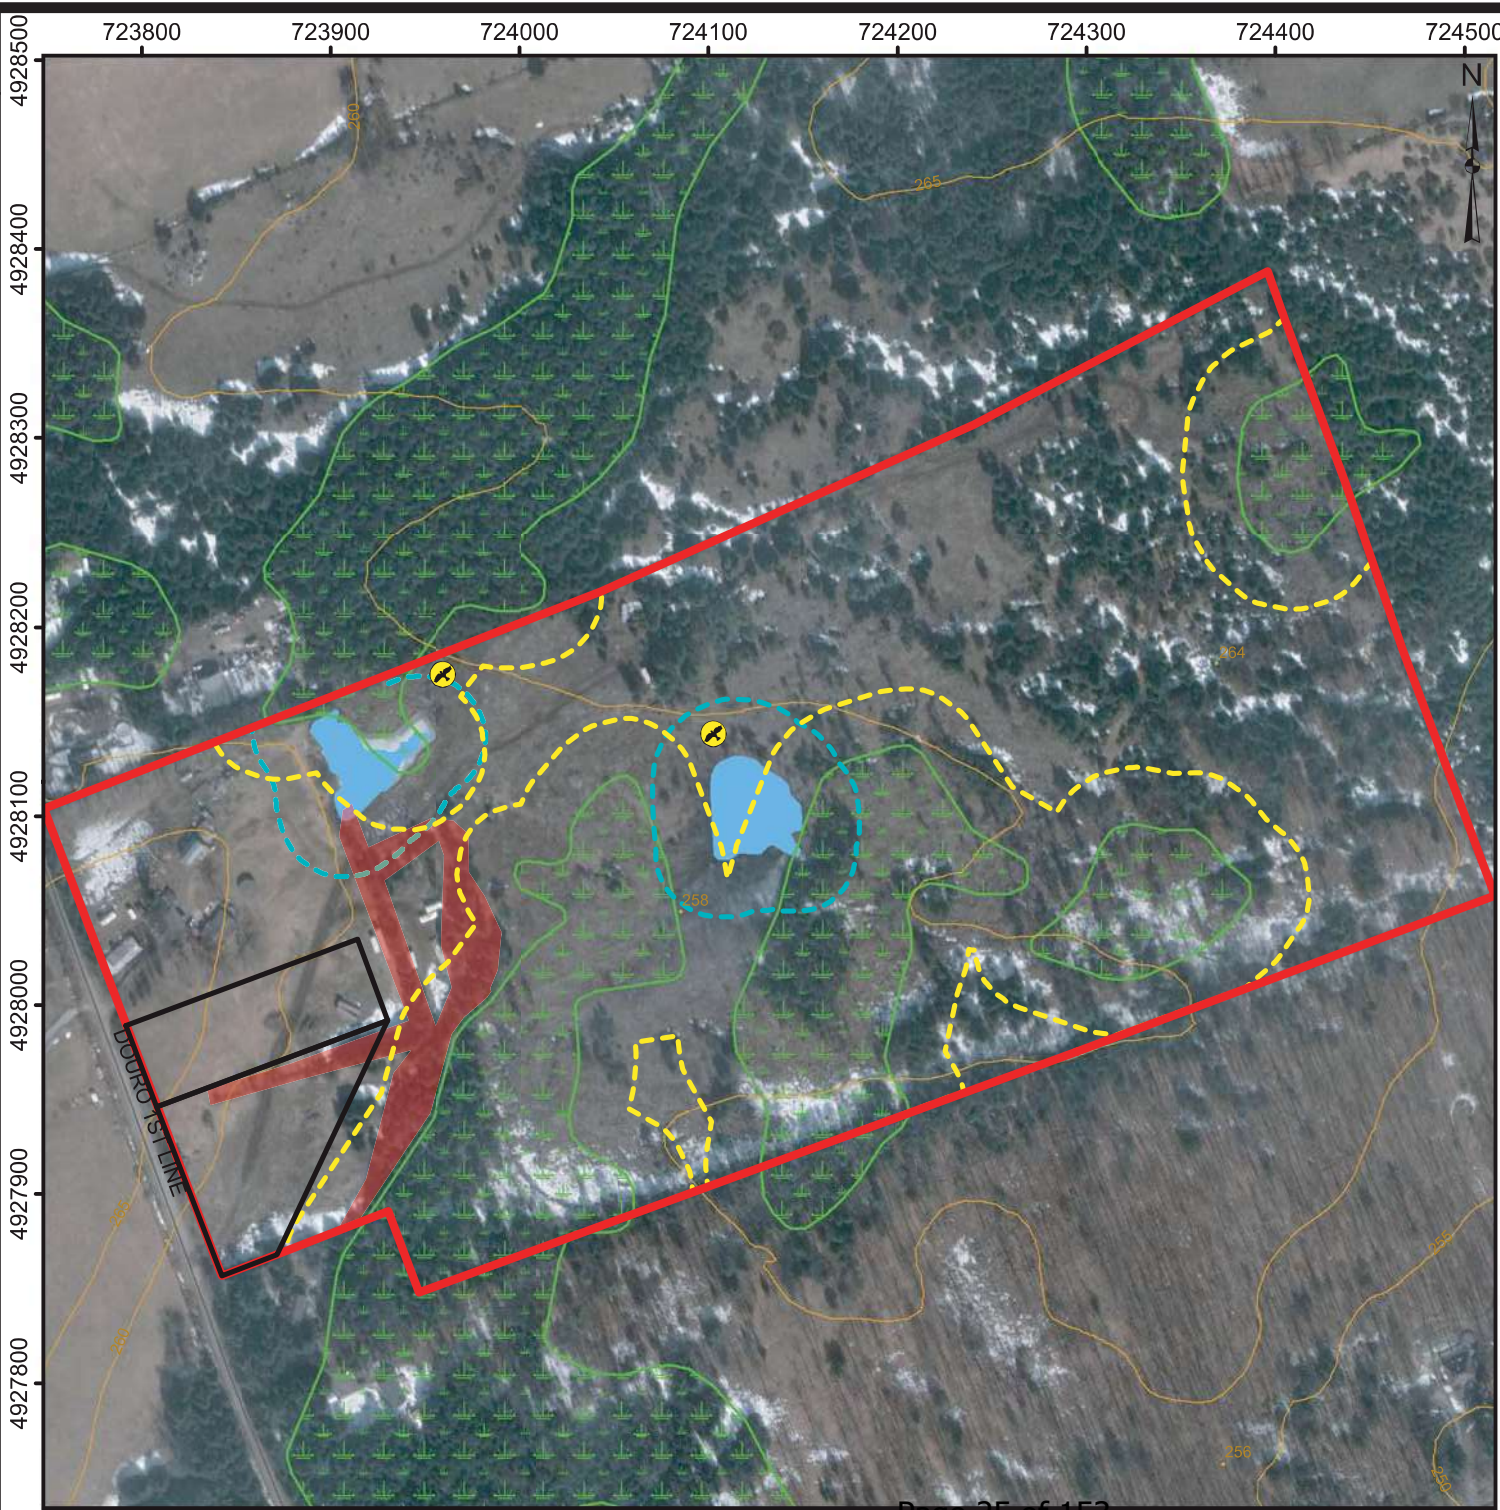

Please quote the name of the applicant and the file number, which is located at the top right hand corner of the application form, on your correspondence which is directed to this office.

Additional information regarding this application will be available to the public for inspection between 8:30 a.m. to 4:30 p.m. - Monday to Friday at:

**County of Peterborough, Land Division Office,
County Court House, 470 Water Street, Peterborough, Ontario. K9H 3M3**

Subject: Help us promote the Order of Ontario call for nominations

Dear Friend,

Each year, the Ministry of Citizenship and Multiculturalism's (MCM) Ontario Honours and Awards Secretariat delivers programs that celebrate Ontarians' outstanding achievements and contributions across the province.

The Order of Ontario is the province's highest civilian honour, reserved for exceptional individuals from all fields and backgrounds. It recognizes those who embody the finest qualities of our province and celebrate the full diversity and richness of its people. Those selected represent the spirit and achievements that make Ontario a great place to live.

Nominations for 2025 are currently being accepted until **Monday, March 31, 2025**. For more information about the Order of Ontario, please visit: [The Order of Ontario | ontario.ca](https://www.ontario.ca/ontario)

We are writing to seek your support in promoting this opportunity to nominate deserving individuals. Your involvement is crucial in ensuring that we honour and celebrate the remarkable contributions of our fellow Ontarians. Here are a few ways to do so:

1. **Share the information:** disseminate details about the Order of Ontario nominations within your networks. Encourage your teams to think about individuals who have made significant impacts in their fields, their communities or throughout the province.
2. **Display promotional materials:** have your offices print and display the attached poster in prominent locations within your offices/ buildings.
3. **Leverage social media:** amplify posts from MCM's official social media accounts (linked below).

To learn more about other Honours and Awards programs and how to nominate individuals deserving of recognition, please visit: www.ontario.ca/page/honours-and-awards.

Yours Sincerely,

Ontario Honours and Awards Secretariat

EOWC advocacy update:

Ontario Government's Fall Economic Statement *EOWC news release attached

- On behalf of the EOWC, I thank Minister Bethlenfalvy for the increased investment in the **Ontario Municipal Partnership Fund** highlighted in the Fall Economic Statement.
- This \$100 million boost signifies the government's recognition of the unique challenges faced by our 103 rural and small-urban communities.
- The funding will bolster essential services and foster growth and resilience across our region.
- We are also pleased to see investment in the **Learn and Stay program** to help communities attract and retain health care workers.

Municipal Infrastructure *draft resolution for municipal councils attached

- As municipalities are working through the budget process, municipal infrastructure remains a top priority. Our region's municipal councils have to make tough decisions.
- The EOWC's *Mind The Gap Municipal Infrastructure Policy Paper* shows that our region is facing a \$6 billion deficit.
- Municipalities are putting our 'skin in the game' and using every financial tool we can, but the reality is that we need help from our government partners to fill the gap.
- We need to find a long-term sustainable path forward, together, to ensure we can keep our communities whole.
- **I encourage all my council colleagues to review the Mind The Gap paper and join the EOWC in our advocacy by passing the resolution.**
- We look forward to speaking with the Minister Surma and Minister Calandra in January.

OPP Costs to Municipalities *letter attached

- **On average, the increased cost is 21% to municipalities across the region for OPP in 2025.** This increase represents a very significant portion of a municipality's overall budget and impacts levy increases.
- The EOWC has sent a letter to the Solicitor General and Minister of Finance to ask for support. We also are looking for further transparency around how municipalities are billed by the OPP.
- Municipalities are committed to supporting safe communities, but need financial predictability.

Province-wide rideshare licensing legislation *letter attached

- The EOWC is advocating that the Province pass province-wide rideshare licensing legislation that would allow rideshare programs to operate across municipal borders across Ontario.
- It will help encourage people to come visit and work in our communities, and offers an alternative and safe mode of transportation.

Upcoming events

EOWC Inaugural Meeting

- The EOWC will welcome new members, and host regional MPs and MPPS, and our partners at the Eastern Ontario Mayors' Caucus in Kingston on January 10th to discuss our priorities and advocacy moving forward.

ROMA 2025 Conference

- The EOWC will be heading to Toronto in January for the Rural Ontario Municipal Association 2025 Conference to talk about our three key priorities: infrastructure, housing and health care.
- We are pleased to be working alongside ROMA Chair, Christa Lowry, from Lanark County. Chair Lowry understand issues we are facing across Eastern Ontario and is a strong and steady voice for our communities.

Toronto, ON M7A 1Z8
minister.mto@ontario.ca

**Re: Eastern Ontario Wardens' Caucus support for an Ontario-wide
licensing framework for rideshare companies**

Dear Premier Ford and Minister Sarkaria,

On behalf of the [Eastern Ontario Wardens' Caucus \(EOWC\)](#), representing 103 rural and small urban municipalities across Eastern Ontario, I am writing to request that the Ontario Government strongly consider adopting a province-wide licensing framework for rideshare companies.

Municipalities across Eastern Ontario, including the County of Northumberland and Township of Russell, have been advocating for a provincial licensing framework for rideshare companies that would align Ontario with Quebec and British Columbia. Ridesharing provides a vital transportation option in communities across Ontario, but much of the province is still underserved by ridesharing services.

In many parts of the province, ridesharing is unregulated or regulated in a 'patchwork' manner. Since 2016, dozens of municipalities across Ontario have developed unique bylaws to regulate ridesharing. These bylaws cover topics such as licensing scheme, insurance requirements, driver screening standards, vehicle requirements, and fee / payment schedules.

The benefits of an Ontario-wide licensing framework of rideshare companies include:

- **Supports economic development** - As Ontario continues to attract investments in areas such as electronic vehicle (EV) manufacturing, communities across the province will need additional transportation options. Ridesharing helps people get around growing communities while also providing part-time flexible job opportunities.
- **Connects communities** - The current patchwork regulatory structure does not reflect the reality of regional transportation, which does not stop at municipal borders. Similar to the One Fare approach of the government, a provincial regulatory framework would allow people to use ridesharing to move seamlessly between communities in the province.
- **Helps reduce impaired driving** - Research shows that the presence of ridesharing in a community can help reduce impaired driving. In many rural communities, transportation options are often sparse or unavailable late at night, which can lead some individuals to choose to drive impaired. A provincial regulatory framework would allow ridesharing to expand more easily into these communities and provide people with a safe ride option.
- **Enables innovative approaches to transit** – As one example of innovative partnerships, the Town of Innisfil and Uber Canada co-designed a custom transit solution, named Innisfil Transit. With a touch of a button, residents are offered flat fare rides to popular destinations, such as the train station, the recreation complex, or the Innisfil Employment Area. Since the launch of Innisfil Transit, thousands of residents have taken trips to connect with the commuter rail station, get to work, go out with friends, or visit their doctor.

Premier Ford and Minister Sakaria, we thank you for your consideration of this important issue. As always, the EOWC remains a trusted partner and welcomes continued collaboration and opportunities for open dialogue on behalf of our member municipalities.

Sincerely,

Peter Emon

**Re: Addressing the Impact of Rising OPP Costs to Municipalities and the
Need for Transparency**

Dear Ministers,

I am writing on behalf of the [Eastern Ontario Wardens' Caucus](#) (EOWC),
representing 103 small-urban and rural municipalities across Eastern Ontario,

to express significant concerns regarding the increased costs to municipalities and the lack of transparency around the Ontario Provincial Police (OPP) billing statements. We appreciate that the Ontario Government is currently examining the issue. However, as municipalities prepare for their 2025 budgets, we believe that a more open and collaborative approach is needed. Without support, these costs impact residents directly through their property tax bill.

Municipalities are mandated to balance their budgets annually and the current OPP cost increase is not sustainable, especially for smaller municipalities and our taxpayers. At this time, municipalities lack sufficient information on the underlying reasons for the cost increases. This makes it extremely difficult for municipalities to engage in productive, solutions-oriented discussions about how to manage these rising costs together with the Province and the OPP. As it stands, the components contributing to the increased expenses remain unclear, and there is a general lack of details in the communication of these factors outlined in the OPP billing model sent to municipalities.

Across the EOWC region, the 2025 cost increase for the OPP is 21%. This increase represents a very significant portion of a municipality's overall annual budget, and impacts levy increases. These services are becoming an increasingly large proportion of municipal budgets. Without financial support, if these trends continue, it will become exceedingly difficult to manage the OPP service costs, particularly in the 2025 budget and beyond.

Taxpayers are asking municipal elected officials directly about the tax bills. Municipalities need to be able to explain to the public the reasons for these increases, but without clearer communication and advanced notice of these OPP billing changes, it is nearly impossible to do so effectively. Without proper insight into the reasons behind these rate hikes, it is difficult to provide sound, informed responses when questioned fairly by our taxpayers.

Municipalities also need greater clarity around the impact of the OPP cost increases on our budgets. If the significant deficit experienced in 2023 was caused by factors such as police staffing overtime due to staffing shortages, how can municipalities plan for potential deficits in 2024 or beyond? The uncertainty of these projected costs is causing considerable strain as municipalities face challenges in balancing budgets. We want to work together with your government and our community partners to serve and keep our communities safe.

One example of municipal leadership across the EOWC region includes the United Counties of Stormont, Dundas and Glengarry, which has proactively hired a mental health nurse to assist in responding to OPP calls. This initiative has proven to be a cost-effective solution for managing service demands while addressing mental health needs. However, these municipal actions can only go so far. Without additional resources from the OPP itself to support policing services, municipalities will continue to face significant challenges in balancing service delivery and managing rising costs.

In conclusion, we request a more transparent and proactive approach to addressing OPP service costs. We need clearer communication on the factors driving these increases, advanced notice of changes to billing, and more support to help municipalities manage OPP costs effectively in partnership with the Ontario Government.

We look forward to your response and to working together to find practical solutions that will ensure our communities can continue to receive the services they need without facing unsustainable financial burdens.

Sincerely,

Peter Emon

Eastern Ontario Wardens' Caucus Response to the Minister of Finance's 2024 Fall Economic Statement

October 30, 2024 - Eastern Ontario – The Eastern Ontario Wardens' Caucus (EOWC) welcomes the Ontario Government's investment in municipalities and the services that they deliver as part of the [2024 Ontario Economic Outlook and Fiscal Review: Building Ontario for You](#), announced today by Minister of Finance, Peter Bethlenfalvy.

The Ontario Government's plan reduces the deficit and retains a path to balance the budget by 2026–2027. Compared to the 2024 Budget, Ontario is also projected to see both stronger growth in real GDP and employment in 2024.

A highlight for Eastern Ontario's small and rural municipalities includes an increase of \$100 million over the next two years to the [Ontario Municipal Partnership Fund](#) (OMPF). This will bring the OMPF funding to \$600 million by 2026. The OMPF is the Ontario Government's main general assistance grant to municipalities.

Infrastructure that enables housing and supports community vitality is the top priority for the EOWC. The EOWC's [Mind The Gap: Municipal Infrastructure Policy Paper](#) highlights that we are a growing economy that can grow more with strategic investments. The current reality for rural and small-urban Ontario communities across the region is that the municipal infrastructure deficit is growing and has deepened by 58% since 2011. The EOWC hopes to continue working with the Ontario Government to unlock long term, sustainable infrastructure funding that will work for Ontario's rural and small-urban municipalities.

Additionally, under our strategic priority of healthcare, the EOWC is pleased to see investments in the [Learn and Stay Grant](#) program. This will help train and retain family physicians in Ontario and increase overall access to primary care. The EOWC is currently partnering with the [Eastern Ontario Physician Recruitment Alliance](#) (EOPRA), which is a regional-municipal partnership of

www.eowc.org

physician recruiters across Eastern Ontario working together to attract Canadians studying abroad as well as international doctors. This alliance supports our region's efforts to ensure people have timely access to primary care.

“On behalf of the Eastern Ontario Wardens' Caucus, I thank Minister Bethlenfalvy for the increased investment in the Ontario Municipal Partnership Fund highlighted in the Fall Economic Statement. This \$100 million boost signifies the Ontario Government's recognition of the unique challenges faced by our 103 rural and small-urban communities. The funding will bolster essential services and also foster growth and resilience across our region,” stated EOWC Chair Peter Emon.

About the EOWC

The EOWC Inc. is a non-profit organization advocating for 103 small urban and rural municipalities across Eastern Ontario. The EOWC covers an area of 50,000 square kilometres, serving 800,000 residents. For more than 20 years, the EOWC has gained support and momentum by speaking with a united voice to champion regional municipal priorities and work with the government, businesses, non-profit organizations, Indigenous leaders, the media, and the public.

DRAFT Resolution: Calling for Investment in Municipal Infrastructure for Eastern Ontario's Small and Rural Communities

WHEREAS Eastern Ontario's small rural municipalities face insurmountable challenges to fund both new growth related infrastructure and ongoing maintenance of their capital assets including local roads and bridges, clean water, wastewater, waste facilities, and municipally owned buildings including recreational facilities and libraries; and

WHEREAS the [Federation of Canadian Municipalities](#) has calculated that Municipal Governments across Canada are responsible for approximately 60 percent of public infrastructure that supports our economy and quality of life, but only receive 10 cents of every tax dollar; and

WHEREAS the Eastern Ontario Wardens' Caucus (EOWC) region's capital infrastructure deficit has increased by 58 percent since 2011 and is now at \$6 billion, and growing; and

WHEREAS in 2018, the Ontario Government mandated all Ontario municipalities to develop and fully fund capital asset management plans by July 2025; and

WHEREAS the EOWC has released a regional [Municipal Infrastructure Policy Paper](#) showing key infrastructure data, opportunities and challenges in small rural municipalities across Eastern Ontario; and

WHEREAS Eastern Ontario is a growing economy that can grow more with sustainable, innovative infrastructure partnership and investment from the Federal and Ontario Governments; and

WHEREAS the infrastructure deficit for small rural municipalities cannot be adequately addressed through property tax revenue, restricted municipal borrowing capacity, and municipalities limited ability to generate revenue; and

WHEREAS small rural taxpayers cannot afford dramatic increases to pay for the current and future infrastructure.

NOW THEREFORE BE IT RESOLVED THAT municipality joins the Eastern Ontario Wardens' Caucus, the Association of Municipalities of Ontario, and the Federation of Canadian Municipalities in calling on the Federal and Ontario Governments to immediately and sustainably partner with Municipal Governments by investing in both the new and ongoing maintenance and repairs of municipal infrastructure in Eastern Ontario's small rural municipalities; and

THAT the Federal and Ontario Governments immediately review data and work together to implement solutions based on the [EOWC's Municipal Infrastructure Policy Paper](#) in partnership with small rural municipalities; and

FINALLY THAT this resolution be forwarded to The Honourable Justin Trudeau, Prime Minister of Canada, The Honourable Sean Fraser, Minister of Housing, Infrastructure and Communities of Canada; The Honourable Doug Ford, Premier of Ontario; The Honourable Kinga Surma, Ontario Minister of Infrastructure; The Honourable Paul Calandra, Ontario Minister of Municipal Affairs and Housing; The Honourable Lisa Thompson, Ontario Minister of Rural Affairs; The Honourable Peter Bethlenfalvy, Ontario Minister of Finance; The Honourable Prabmeet Sakaria, Ontario Minister of Transportation; The Honourable Victor Fedeli, Ontario Minister of Economic Development, Job Creation and Trade; Local MP; Local MPP; Federation of Canadian Municipalities; Association of Municipalities of Ontario; Canada Mortgage and Housing Corporation; Rural Ontario Municipal Association; Eastern Ontario Wardens' Caucus.

Dear Emergency Management Partners,

Today, our government introduced the *Emergency Management Modernization Act* that, if passed, would modernize the *Emergency Management and Civil Protection Act* (EMCPA).

The EMCPA and its regulations have not been comprehensively updated in more than 15 years. Since then, the nature of emergencies has changed. The rising frequency of extreme weather events and the threat of cyber-attacks on Ontario's digital infrastructure mean that we must ensure our emergency management framework reflects today's realities.

If passed, these amendments to the EMCPA would strengthen provincial leadership and coordination of emergency management by facilitating Emergency Management Ontario as the one window for coordinating provincial emergency management activities. Additionally, the proposed legislation would enhance community capacity in emergency management. This includes clarifying the process for municipalities to declare local emergencies and granting municipalities the authority to plan for and respond to emergencies based on their unique needs and capacity.

The proposed amendments, if passed, would strengthen planning and coordination with emergency management partners, including by outlining the ability to enter into agreements and liaise with public and private sector partners, including municipalities, Indigenous communities, and other governments. In addition, the proposed amendments would enable future emergency management program and plan requirements to be established for designated entities that provide or operate critical infrastructure, subject to further engagement with partners, to support continuity of services and operations.

Over the summer, Emergency Management Ontario engaged with more than 480 partners to inform proposed amendments, including municipalities, First Nations communities, and emergency management organizations. We look forward to further collaboration with our partners as we build a stronger, more resilient province, capable of ensuring the safety and wellbeing of communities across Ontario. The proposed amendments are posted on [Ontario's Regulatory Registry and Environmental Registry](#) for your review and feedback.

On behalf of Premier Ford and the Government of Ontario, thank you for your continued partnership in emergency management.

Sincerely,

The Honorable Trevor Jones
Associate Minister of Emergency Preparedness and Response
Treasury Board Secretariat

SENT VIA E-MAIL

Dear Chief Administrative Officers:

Re: Merger and 2025 Health Unit Assessment

I am pleased to share that both the Haliburton, Kawartha, Pine Ridge District Health Unit (HKPR) and Peterborough Public Health (PPH) Boards of Health have voted in favour of moving forward with merging into a single entity, legally effective January 1, 2025.

At the PPH Board of Health meeting held November 13, 2024, the Board approved an overall 12% increase to our local funders for the 2025 cost-shared budget; however, now that the Boards of Health will become a single entity, there will be a new budget forthcoming. Any change to the assessment for local funders will be determined by the new Board of Health. We anticipate presenting a budget for the merged entity to the new Board of Health in February 2025.

Voluntary mergers are a critical part of the work that the Ministry of Health initiated to strengthen the public health sector with an intention that there would be no financial impacts to local funders as a result of the mergers.

Please feel free to contact me if you have any questions.

Sincerely,

Larry Stinson,
Hons. B.Sc., MPA(M)
Director of Operations
705-743-1003, ext. 255

Public Works	Gravel Pit Purchase	Ongoing
Public Works	Brushing Unit	Complete
Public Works	Plow Truck	RFP Awarded – 2025 Delivery

Recommendation:

That the Treasurer-2024-26 report, dated December 17, 2024, regarding 2025 User Fees be received, and;

That Council pass By-law 2024-71 being a By-law to provide for the 2025 User Fees and Charges, and to repeal By-law 2023-62, as amended at the appropriate time during the meeting.

Overview:

Each year staff reviews the User Fees and Charges for their respective departments. These reviews ensure that fees are reflective of the costs associated with the service or rental but also are compared to surrounding municipalities to ensure the fees are fair and competitive.

The following are the proposed changes to the 2024 User Fees and Charges to be enacted as of January 1, 2025:

5. Fire

- A fee for response to for non-permitted uses has been added. This will be charged out at the MTO rate.

10.1 Finance Department

- The Credit Card fee was adopted by Council in 2023 but had not been added to the User Fee schedule.

It should be noted that the Credit Card fee will not be applied to facility rental payments because the Book King software does not allow for the ability to add the processing fee. We do expect that the minor hockey associations will continue to pay for their rentals using cheques.

12. Planning and Development

• 12.1 Planning Application Fees and Deposits

- The fees have been increased by 2% to reflect inflationary changes. It should be noted that the fees have been rounded and therefore some increased greater than 2% and some increased less than.

• 12.2 Planning Miscellaneous

- Cash-lieu of Parkland has not been increased at this time; however, an analysis is going to be completed in January to determine the current

appropriate rate. This fee has not been increased since 2015. This fee is supposed to be based on land values and land values have increased significantly over during this period.

- These fees have been adjusted to reflect the time spent by staff to complete the agreements.
- Some of the associated deposits have been increased to reflect the increase in legal fees which are incurred by the Township but paid for by the applicant.

13. Public Works – Roads

- The Entrance Permit fees were increased by 25% to reflect inflation. The fees have not been increased since 2014.

15. Parks and Recreation

- 15.1 Advertising – these fees reflect the fees that Council adopted in 2023 and have not been increased at this time.
- For the fees at 15.2 Douro Arena, 15.3 Warsaw Arena and at the 15.4 Parks, at 3% increase has been applied. This increase is applied annually to reflect increased costs. 3% is applied annually to adjust for inflation but to minimize larger increases in high inflation years such as 2021-2023.
- 15.5 – Liability Insurance fees have been increased by 14% to reflect increases to the Township's insurance rates. These fees are to be 100% cost recovery.

Conclusion:

The fees outlined in Attachment 1 will come into effect January 1, 2025, except for the Arena fees which will change as of September 1, 2025.

Financial Impact:

The fees will ensure that revenues increase where needed to reflect actual time spent and/or the increasing costs associated with providing the service/rental.

Recommendation:

That the Clerk's Office-2024-29 report, dated December 17, 2024 regarding a request to migrate the Township website to GovStack be received, and;

That Council provide direction to Staff on whether to move forward with the website migration to GovStack, and;

That if approved, the cost of the migration is to be funded through the 2025 Budget.

Overview:

The current hosting platform for the Township's website, iCreate, will be discontinued in less than two years, necessitating a migration to a new platform. Township staff have worked with GHD (previously e-Solutions) to receive discounted pricing (20% discount and free staff training) to migrate sooner to Govstack, a new and superior platform that offers more creative freedom and self-management capabilities. GHD has informed staff that it is not able to hold this pricing while the budget process is completed in Q1 of 2025.

Migrating now, rather than waiting until the end of iCreate's lifespan is strategic due to the impending discontinuation of iCreate and the reduction in support the platform will receive going forward.

Throughout the Strategic Planning process, Staff and Council heard that the Township needs to modernize service delivery and our tools for communicating to the public. One of the focus areas was the Township website. Below is a list of issues with our current website.

Challenges with the current website:

- Current website is not user friendly and Township staff are limited to what they can do to change it.
- Current website does not use Google Analytics to measure success, therefore measuring performance is onerous at best.
- Current website does not allow for flexibility in design.
- Current website does not allow uploads of videos.
- Current platform for the website will be unsupported by GHD in less than two years.
- Design changes on the current platform require support from GHD which incurs additional costs.

With the potential move to GovStack, Staff have identified operations savings that can be realized:

- **Reduced Dependency on GHD Services:** With Govstack, the Township can make updates and modifications internally, reducing ongoing costs associated with outsourcing these tasks.
- **Avoidance of iCreate End-of-Life Costs:** Transitioning before iCreate is discontinued prevents potential cost spikes related to emergency migrations or temporary solutions.
- The new platform also provides backend users (Township staff) with more flexibility and the ability to be more creative. It also reduces the need to redevelop the website in future years.
- Govstack also provides high-level of website analytics, using Google Analytics, which currently doesn't exist. The Township will be able to measure the success, engagement of web pages and the overall website usage.

Further to the potential savings that can be realised, the move to GovStack will also provide an avenue for Staff to edit and improve the website on an as needed basis without assistance from outside consultants.

- Govstack allows for more flexibility in design and content management, enabling the Township to enhance its digital presence more effectively.
- The platform empowers our internal team to manage the website, reducing turnaround times for updates and new content creation.
- The platform will support/allow for the creation of new webpages, landing pages, and microsites for special project and initiatives the Township wishes to undertake.
- **Enhanced Security and Compliance:** Govstack provides better security features and compliance with modern web standards, reducing the risk of cyber threat.

Conclusion:

Through the Service Delivery Review and the Strategic Plan, the website and the ways in which the Township communications with the public have been identified as priorities for improvement. The potential move to GovStack will provide staff the tools to make improvements to the website without the need to obtain a new website saving time, effort and cost.

Financial Impact:

The cost negotiated to complete the early migration is \$19,296.00 (all prices shown are without tax). The annual cost of the website for 2025 will be reduced to \$6,330.00 from \$7,625.00, a savings of \$1,295.00 for the year. Further, with the migration the Township will discontinue its subscription with Cludo (website search tool) which will be a savings of \$2699.00.

Service Modernization and Innovation

Modernizing, refining and innovating services for residents is essential to effectively meet the needs of our community, enhance our operational efficiency, and ensure we remain adaptable in a rapidly changing world.

Business Attraction, Expansion, and Retention

Business attraction, expansion, and retention is vital for the economic health and sustainability of our Township, such as job creation, tax revenue, investing in innovation, maintaining our quality of life, and supporting community stability.

Infrastructure Renewal

Infrastructure renewal is a critical investment for our Township as it will ensure our adherence to health and safety, economic development, investment attraction, environmental sustainability, quality of life, public confidence, and regional competitiveness.

Recommendation:

That the Clerk's Office-2024-28 report, dated December 17, 2024, regarding Committee Appointments be received and that Council appoint a member to sit on the Committee of Adjustment for 2025.

Overview:

At the beginning of the term of Council, Council members were appointed to various Boards and Committees. This report is to provide an update on those appointments.

Arena Facilities Future Ad-Hoc Committee: Councillor Ray Johnston, term has been extended for any required work with the Community Centre Feasibility Studies.

Committee of Adjustment: Deputy Mayor Harold Nelson, term: 2022-2023, 2023-2024, to be appointed on a yearly basis as per the Planning Act.

Committee of the Whole: Councillor Tom Watt, term: 2024, new Chair will be appointed at first meeting in 2025.

Events Committee: Councillor Ray Johnston, term: Committee is currently not operational due to lack of interest. Councillor Johnston and staff with various volunteers have planned events in the absence of a committee.

Library Board: Councillor Tom Watt, term: 2022-2026.

Otonabee Region Conservation Authority Board: Councillor Adam Vervoort, term: 2022-2026.

Police Services Board: Mayor Watson, term: 2024-2026

Conclusion:

As per the Planning Act, the appointment of a Council member to the Committee of Adjustment must be completed yearly. The Committee of Adjustment reviews and decides on complex planning matters and requires a significant amount of training. Deputy Mayor Nelson has already completed all the required training to continue on as the Council appointee to the COA.

Financial Impact:

There may be an impact should additional Committee training be required.

Service Modernization and Innovation
Modernizing, refining and innovating services for residents is essential to effectively meet the needs of our community, enhance our operational efficiency, and ensure we remain adaptable in a rapidly changing world.

Business Attraction, Expansion, and Retention
Business attraction, expansion, and retention is vital for the economic health and sustainability of our Township, such as job creation, tax revenue, investing in innovation, maintaining our quality of life, and supporting community stability.

Infrastructure Renewal
Infrastructure renewal is a critical investment for our Township as it will ensure our adherence to health and safety, economic development, investment attraction, environmental sustainability, quality of life, public confidence, and regional competitiveness.

Todd Davis

Recommendation:

That the Clerk's Office-2024-27 report, dated December 17, 2024, regarding the realignment of the Twelfth Line Road Dummer be received, and;

That the section(s) of the Twelfth Line Road Dummer which are affected by the required land swap and to be identified on a final survey be deemed surplus; and

That Township Staff be authorized to engage the Township's legal team to draw up all necessary land transfer agreements required to complete this project; and

That the Mayor and Clerk be delegated the authority to sign all of the aforementioned agreements; and;

Lastly, that a By-law to bring the new section(s) of roadway into the Township Road System and remove the old section(s), be brought before Council as soon the necessary transfers documents have been registered.

Overview:

In 2018, with the help of provincial funding the Township undertook a large project to improve the Twelfth Line Road Dummer. This project included the straightening of the road by purchasing land from property owners and adding them into the road system to remove some dangerous turns in the roadway.

As part of the improvement of the Twelfth Line, an agreement was made between the Township and Drain Bros., regarding an exchange of land to improve the Twelfth Line. The agreement is to exchange land for the upgrade of the Twelfth Line so that new vertical and horizontal realignment can be accomplished by traveling over the current gravel pit property. Drain Bros. have created the first overpass in the Township to allow for the Twelfth Line to travel in a straighter and safer path while also improving access for the gravel pit operation. Please see the attached Road Realignment package attached to this report from Engage Engineering along with a letter from former CAO, Dave Clifford and a GIS map highlighting the section of road to be impacted by this land swap.

Conclusion:

To facilitate the opening of this new section of road, various actions must be taken. The new section of road must be legally transfer to the Township from Drain Bros. and the section must be added to the Township Road Network by By-law. The current section of the Twelfth Line must be deemed as surplus, stopped and closed and transferred to Drain Bros. Once these transfers have taken place and the road is part of the Township Road system the new section can be used by the public.

Financial Impact:

There is a small financial impact to have the Township legal team facilitate the transfer of the lands and to register the transfers at the Land Registry Office. This cost had been anticipated as part of the Twelfth Line project.

Service Modernization and Innovation
Modernizing, refining and innovating services for residents is essential to effectively meet the needs of our community, enhance our operational efficiency, and ensure we remain adaptable in a rapidly changing world.

Business Attraction, Expansion, and Retention
Business attraction, expansion, and retention is vital for the economic health and sustainability of our Township, such as job creation, tax revenue, investing in innovation, maintaining our quality of life, and supporting community stability.

Infrastructure Renewal
Infrastructure renewal is a critical investment for our Township as it will ensure our adherence to health and safety, economic development, investment attraction, environmental sustainability, quality of life, public confidence, and regional competitiveness.

To whom may concern

Re: 12th Line of Dummer and Drain Bros Gravel Pit

The Township of Douro Dummer has made an agreement with Drain Bros Excavating to exchange land for the upgrade of the 12th line of Dummer. So new vertical and horizontal realignment to the 12th line can be accomplished by travelling over current pit property. This is a process that will require stopping up and closing the current travelled portion of the 12th line and adopting by By-law the new proposed right away and road over the pit property - which is a public process that needs to take place.

Thank you, for further inquiries please contact Township of Douro-Dummer

Sincerely,

David Clifford
C.A.O.

Minutes of the Committee of the Whole of the Township of Douro-Dummer

**December 10, 2024, 10:00 AM
Council Chambers in the Municipal Building**

Present: Mayor Heather Watson
Deputy Mayor Harold Nelson
Councillor Thomas Watt
Councillor Ray Johnston

Members Absent: Councillor Adam Vervoort

Staff Present: C.A.O. - Todd Davis
Clerk - Deputy C.A.O. - Martina Chait-Hartwig
CBO - Don Helleman
Treasurer - Paul Creamer
Manager of Public Works - Jake Condon
Manager of Recreation Facilities - Mike Mood
Fire Chief - Chuck Pedersen
Policy Intern - Nick Krizmanits

1. Call to Order

With the quorum of the Committee being present, the Chair called the meeting to order at 10:01 a.m.

2. Land Acknowledgement

The Chair recited the Land Acknowledgement.

3. Disclosure of Pecuniary Interest:

The Mayor reminded members of Committee of their obligation to declare any pecuniary interest they might have. None were declared.

4. Adoption of Agenda: December 10, 2024**Resolution Number 066-2024**

Moved By: Councillor Johnston

Seconded By: Mayor Watson

That the agenda for the Committee of the Whole Meeting, dated December 10, 2024, be adopted, as circulated. Carried

5. Delegations, Petitions or Presentations:5.1 Presentation - Municipal Property Assessment Corporation (MPAC) - Property Assessment and Tax System Update**Resolution Number 067-2024**

Moved By: Deputy Mayor Nelson

Seconded By: Mayor Watson

That the Presentation from the Municipal Property Assessment Corporation (MPAC) regarding Property Assessment and Tax System update be received with thanks. Carried

5.2 Presentation - Personal Information Bank Registry, Policy Intern - Nicholas Krizmanits - Clerk's Office-2024-26**Resolution Number 068-2024**

Moved By: Councillor Johnston

Seconded By: Deputy Mayor Nelson

The Corporation of the Township of Douro-Dummer

By-law Number 2024-71

Being a By-law to provide for the 2024 User Fees and Charges, and to repeal 2023-62, as amended

Whereas the Municipal Act, 2001, S.O. 2011, C. 25, as amended, authorizes a municipality or local board to impose fees or charges on persons;

And whereas it is desirable to formally adopt the fees and charges presently in existence, provide for some future increases for some of the fees and charges and to formally adopt the list that will be available for public inspection;

Now therefore the Council for The Corporation of the Township of Douro-Dummer hereby enacts as follows:

1. That Schedule "A" attached hereto shall comprise the list of fees and charges that will be available for public inspection.
2. That all the fees and charges included in Schedule "A" attached hereto are hereby adopted by Council if not otherwise done so by By-law.
3. That By-law Number 2023-62, as amended is hereby repealed, in its entirety.
4. This By-law shall come into force and effect on January 1, 2025.

Passed in open Council this 17th day of December, 2024.

Mayor, Heather Watson

Clerk, Martina Chait-Hartwig

2025 User Fee Schedule - Effective Jan 1, 2025

The Corporation of the Township of Douro-Dummer

By-law Number 2024-72

Being a By-Law to stop up, to close and sell to the abutting land owners or their respective nominees those lands and premises more particularly described in Schedule "A" annexed hereto.

Whereas it is deemed expedient and in the interests of The Corporation of the Township of Douro-Dummer, hereinafter called the Corporation, that those lands and premises more particularly described in Schedule "A" attached hereto be closed and stopped up, and the lands sold to the adjoining land owners or their respective nominees;

And Whereas the Council for the said Corporation has heard in person or by his counsel, solicitor, or agent, all person claiming that their land will be prejudicially affected by this By-Law and who applied to be heard;

And Whereas no person will be deprived of the means of ingress and egress to and from his lands or place of residence;

Now Therefore, the Council of the Corporation of the Township of Douro-Dummer enacts as follows:

1. That upon and after the passing of this By-Law all those lands and premises more particularly described in Schedule "A" annexed hereto be and the same are hereby stopped up and closed.
2. All those lands and premises more particularly described in Schedule "A" annexed hereto and stopped up and closed shall be sold to the adjoining or abutting owner or owners or any of them or their respective nominees.
3. The Mayor and Clerk of The Corporation of the Township of Douro-Dummer are hereby authorized to sign and execute such deeds or other instruments as may be necessary to effect a conveyance or conveyances of those lands and premises more particularly described in Schedule "A" annexed hereto and which have been stopped up and closed.

Passed in open Council this 17th day of December, 2024.

Mayor, Heather Watson

Clerk, Martina Chait-Hartwig

Schedule "A"

In the geographic Township of Dummer, in the Township of Douro-Dummer in the County of Peterborough, Province of Ontario, being composed of part of a road allowance between Concession 5 and 6, in Lot 31, and designated as Part 1 on Registered Plan 45R-17746, deposited on November 4th, 2024.
